

Libraries Provide Great Value for Seniors

Libraries provide great value for seniors in our community. Unfortunately, due to space limitations we cannot do as much as we would like.

The new building will have:

- More convenient parking close to the entrance
- Improved entrance with easy to open doors
- Meeting rooms for adult programs
- Convenient book drop
- Books on easy to reach shelves
- A variety of quiet areas to read and study
- An area dedicated for beverages and conversation
- Rooms separate from the adult area for noisier youth and teen activities
- Easy access from Main and First East

If you haven't discovered it yet, the Springville Public Library has much to offer seniors

- Books, videos and books on tape and CD available for loan for up to 3 weeks
- Selection of large-print books
- High speed Internet computers for e-mail, research, genealogy, or writing letters.
- Low cost copier
- Help and advice from friendly, knowledgeable people.
