2023 SPRINGVILLE CITIZENS' VIEWPOINTS

History of the study

The purpose of this section of the code book is to provide a procedural history for the 2023 Springville Citizen's Viewpoints survey and to provide not only the specific methods of data collection and processing, but some context as to decisions that were made. The study is unique in that (1) it was undertaken at the request of the City of Springville, and (2) samples a cross-section of Springville residents to evaluate their perceptions regarding city services, the quality of life in the community, and to seek input for improving services.

Overview and project history

The 2023 Springville Citizens' Viewpoints study was a survey of households in Springville, UT; adding to previous data collection efforts conducted in 2004 to 2021. The 2023 survey fieldwork was conducted from October to December. Consistent with previous data collection efforts (2004 to 2021), the initial mailing included a personalized cover letter, a copy of the survey, a postage-paid return envelope, and a separate postage paid "I've replied" postcard. Two days later we mailed a reminder postcard designed to encourage people to complete the survey. Given the timing of a week-end mailing, the reminder postcard arrived about three to four days after the survey packet arrived. Diverging from previous data collection efforts, the 2023 Springville Citizen's Viewpoints survey also included an option to complete the survey electronically. The online version of the survey was available in English or Spanish.

A multiple-wave data collection protocol was designed to encourage greater response to mail surveys while also minimizing coverage error. After removing addresses selected in the previous (2021) wave of the Springville Citizens' Viewpoints study, we randomly selected a series of ten separate cross-sectional samples ($n=500$) were identified from the electric billing addresses for all residents in Springville, UT. Before doing so, however, we endeavored to remove all business, landlord, and vacant addresses from the sampling frame. Commencing on Wednesday, 4 October 2023, the first cross-sectional sample was contacted via the U.S. Postal Service. Subsequently, the next seven cross-sectional samples were fielded separately over the next seven weeks (e.g., one sample per week). After mailing the eighth sample on 29 November 2023, the decision was made to halt additional mailings. While care was taken to sample across the entire city, these efforts did not meet the criteria to officially labeled the sample as being "stratified by neighborhood." However, the sample size was kept large enough that a sufficient number of responses would be obtained for each neighborhood.

Respondent anonymity

To maintain total anonymity, there were no names nor other identifiers on the surveys. Each respondent was asked to return the separate "I've replied" postcard so we would know which households to not send additional mailings. There were no links between the survey and the postcard.

Sample and Response Rate

Of the 4,000 addresses contacted in the study, The U.S. Postal Service returned 91 packets as undeliverable (deceased, moved, etc.). In addition, 2 individuals overtly refused to participate

via return letter or by electronic communication. Combined, we were left with 3,907 eligible households in the sample. As of December 21, 2023, we have received 1,326 valid responses (adjusted response rate = 33.94%).

Data Cleaning and assigning numerical values to assigned responses

The data user should keep in mind that responses to this survey came from self-administered questionnaires. An interviewer was not present to help the respondent through skip patterns, to interpret the intent of questions, or to monitor that the respondent was completing the survey in an appropriate manner. In the survey response process, we had to rely on respondents to answer questions “correctly” and to execute the appropriate instructions. We believe that the questionnaire worked well for the intended purpose of evaluating residents’ perceptions regarding city services, the quality of life in the community, and to seek input for improving services. A few respondents either chose not to, were unwilling, or unable to follow the instructions when completing the questionnaire. For example, a respondent may not of marked a response to a filter question but proceed to complete the question sequence in the box. In such an instance, the filter question was coded as missing. In accordance with best practices, all responses are coded as marked by the respondent (e.g., a non-response was coded as “missing”).

Numerical values were assigned to responses with the goal of (1) preserving, when possible, the meaning of the respondents’ answers as closely as possible, and (2) preserving the variation in responses. Specific numeric codes are outlined in “Numerical Values Assigned to responses” section of the codebook. Multiple steps were taken to ensure that numeric responses to the survey were coded correctly, including examining all frequency distributions and looking for illegal or unlikely codes. In checking for errors, anomalies, and improbable occurrences, we referred to the original questionnaire when needed. These efforts notwithstanding, we are certain that a few errors or minor data anomalies will be discovered as these data are used. As these are called to our attention, we will investigate them and determine the extent of the problems and the feasibility of correcting them.

Following best survey practices the written responses were transcribed, to the extent possible, exactly as marked on the questionnaire. The data user should keep in mind that respondents were likely providing written responses in heist, with little regard for grammar, punctuation, handwriting, and/or spelling. Moreover, this “heist” often complicated the transcription process. Consequently, we are certain that errors exist in the transcription. As these are called to our attention, we will investigate them and determine the extent of the problems and the feasibility of correcting them.

2023 SPRINGVILLE CITIZENS' VIEWPOINTS

Written response to Question 35: What do you like most about living in Springville?

- ID 1: Relatively quiet city. Friendliness of neighbors. Access to some shopping without a lot of traffic. Proximity to canyons, mountains
- ID 2: It feels like a small town while still being relatively close to lots of shopping, stores, restaurants in neighboring cities. The sense of community is lovely
- ID 3: This is where I grew up
- ID 4: The friendliness of the people who live here.
- ID 5: I know people.
- ID 6: I like te Generaly Quiet neiborhood. The access to canyons and Recreation areas. The New mcDonals on 4th so, and walmart, smiths is a few min. Away I feel safe and enjoy Springville as its not as busy as Provo, or orem, and can go around town easly But traffic is getting worse, but not as Bad as other Places. I Love Living in Springville and I Love the People Here. It's a great Place to Live.
- ID 7: How family friendly it is
- ID 8: ---
- ID 9: SPringville is a safe place to raise a family.
- ID 10: I like the small town feel. I really like the activities around Springville at the library, rec center, folk fest etc. I love the charming homes.
- ID 11: people help each other. If I needed a neighbor there's four I could call who would be at my house in a short time.
- ID 12: Mountain view Small town but close to good shopping areas. Youth recreation. Recycle program
- ID 13: Rec Center. Trees. Less traffic and congestion than Provo + Orem
- ID 14: I like the Monday Farmer's Market very much. I like the small town feel BUT I think Springville needs to have more retail and dining places. In the 3 years I've lived here I've seen and regularly go to Spanish Fork to shop and dine. Springville is a great city but we need to be more progressive. It's been years since the Allen's area has been vacant and it could have been developed by now – compared to SF. We had a 3rd McDonald's built, why? We have 2 Taco Bells, why? We only have one or 2 real family dining places. We don't even have a Dollar Tree. That could bring in so much revenue. We have so many banks and credit unions- How many does 1 small town need? Continued below (drawn arrow to Q36).

Four of my seven children were born in Utah. Three were born in my home state of ND. I like Utah, and in particular, Springville. Springville has grown so much since 2014. When we moved back, we saw how much Springville has expanded. The city still has the feeling of smaller town, compared to Provo. Its much quieter, less traffic than Provo. Fire station... recreation... art exhibits... golf... mountains... wildlife... lakes... big cities, temples... trails... (walk, hike, bike)... great services... volume of traffic an issue, BIG! Youth programs—need for more pickle courts...

- ID 352: We intentionally moved from Spanish Fork to Springville because of the school sizes, traffic, and the vibe that is Art City 😊
- ID 353: Friendly, small-feeling, quiet
- ID 354: Grew up here, moved away many years, easy & pleasant but too many people now. Pretty city, not too big YET. Close to medical & shopping in other cities.
- ID 355: Easy access to amenities in Spanish Fork and Provo/Orem without the heavy traffic in those communities, the “smaller town” aspect of Springville
- ID 356: Good quiet neighborhood with a green space behind us. Good neighbors. Good library. Open agricultural lands (Harward Farms). Please don't tax them out of existence. And give them a tax break. We need open areas like they provide instead of clustered housing!

ID 364: ---

ID 365: small town feel, close to canyon, close to larger metro areas, generally safe community. I do feel that the city cares about our community and is slowly progressing in the right direction. Hard to balance progress and keeping our small town feel. Thank you!

ID 366: LIBERALS ARE FEW AND FAR BETWEEN WE MOVED HERE TO ESCAPE THE LIBERALS AND ALL THE DAMAGE THEY ARE DOING! DO NOT ALLOW HOMELESS ON STREETS AND NO LOW INCOME HOUSING. IT WILL BRING THE THINGS A COMMUNITY DOES NOT WANT. I'VE SEEN IT HAPPEN

ID 367: Very Good Community

ID 368: My quite neighborhood, small town feel.

ID 369: Living close to family, the beautiful mountains big community of our religion. Grass, flowers, trees, I love springville but I feel like every new business are pizza or more than likely take-out options. Just to have some nice family options like a TGI Fridays or Red Robin any place you can get lots of options on a menu for family or dates.

ID 370: IT'S A BEAUTIFUL AREA, CLEAN AND FRIENDLY. THE FARMERS MARKET IS A WONDERFUL ACTIVITY IN THE SUMMER.

ID 371: The size. Not too small, not too big, and it's close to larger cities with more things.

ID 372: I love the small town feel but having access to all of the businesses I need. Walmarts, Smith's, Costco are just a few minutes away. I love seeing open fields and quiet neighborhoods. People move here because it is safe, clean, and slower paced but all of that is disappearing quickly.

- ID 391: Perfect amount of Quiet (traffic, shops, people, etc) with enough access to what we want & need. Spanish Fork & everything Provo & North is too loud & busy & congested, but Salem, Payson, & Santaquin are too remote. Mapleton is just too expensive. Springville has a lovely balance.
- ID 392: Easy to get to the I-15
- ID 393: The friends I've made over the 30 years of living here. Canyon parks, Green waste, Art city days, the good water, disaster prep, just to name a few.
- ID 394: It feels like a small town with nice community activities. I feel much safer from where I moved from. People are very friendly. Close to Spanish Fork and Provo that have more shopping and dining, yet we can still feel small with farms and fields. Love the Farmer's Market and variety of activities!
- ID 395: I loved that when we moved in we were surrounded by farms. It was quiet. It quickly got built up and I expected that, but it did happen very quickly and for more compact than our neighborhood was. I like that despite that, it's still relatively quiet with the convenience of Smith's being so close by.
- ID 396: - very family friendly town – like that businesses are planned in an area that doesn't impact neighborhoods – beautiful library, art gallery (wish it had later hours) -potential for improvement in future growth

ID 401: THE SCENERY AND THE SMALL TOWN FEEL!

ID 402: I do like the small town feel, but I feel like we need invite businesses to our town to create a tax base to offset our property taxes. Our families need activities here for our children to enjoy (bowling alley, movie theaters etc.) It would be nice to go to a restaurant that is close instead of going to another town. We have not utilized 400 South effectively (senior living & banks). That should have been our commercial base area. Taxes don't come from apartments, senior living centers & banks! Poor planning for that real!

We moved to Springville in 2015 because it was a quiet, slow-paced community – not anymore. Too much development is not a good thing.

We like having the ability to be close to what we want and need but have a peaceful place to return. I appreciate the ability to ride my bike on the trails up the canyon but do wish there were more accessible trails along the river through town. The Bonneville Shoreline trail is a great place to walk on, but it could definitely use some maintenance, like what Provo City is doing on their portion of the trail. I do believe it is easy to stay in my own bubble and not be aware of what is happening in the community because it is still very LDS centered so it would be nice if the splash pad was open on Sunday and could be utilized then. There is still very much an LDS component to a lot of the city, which makes it a bit harder to connect to people in other ways than church.

- ID 1235: I enjoy Springville. It is quiet and safe. My biggest complaint is the city government's determination to close (unintelligible) in Springville. Specifically eliminating the (unintelligible) ditch. We have an (unintelligible) and use that water to maintaining the property. What is most frustrating is that the city has (unintelligible) decided it no longer needed. It's been a heavy handed mandate on their part. I feel they are doing it to simplify their life and to get more revenue by (unintelligible) this water. Our field will die and also our property value.

- ID 1317: I love that the community has a smaller feel. I love the activities the community provides. I love the people around me. Most are great people. 2023 SPRINGVILLE CITIZENS' VIEWPOINTS

Written response to Question 36: What one thing would make Springville a better place to live?

ID 1: Revitalize down town.

ID 2: Keep the small town feel.

ID 3: There are very few places to eat. We need more.

ID 4: Solve the narrowness of 10th South (east of 400 east). When cars are legally parked on both sides of the road, it almost becomes a one-lane street.

ID 5: Enforce existing yard maintenance and parking codes. My street has a house with two dead cars parked on the city street. They have been there for over two years. I walk this city daily and see violations everywhere I go. Why are my taxes paying for a nuisance cop?

ID 6: Improve traffic Flow and streets Roads at busy times. Traffic is getting very bad in areas Have sat at traffic lights for long time. During afternoon, evening time's

ID 7: Make housing more affordable, but I recognize this isn't in our control.

ID 8: ---

ID 9: Never Build another apartment complex!

ID 10: Work on Shopping! I would love to spend my money here and not have to leave the city to buy what I want or need.

ID 11: educate and enforce people about their animals nothing is more disgusting than having a child roll in animal droppings.

ID 12: [unreadable] downtown area.

ID 13: Encourage UDOT to make a Mapleton off ramp to decrease Springville traffic

ID 14: I feel strongly that Springville is losing a lot of revenue to Spanish Fork in the long run. I think it would be so profitable to get a Trader Joe's here- so many people I've spoken to would shop there. Same with Dollar Tree, a Taco Time, Burger King, Applebee's; more options would keep residents in Springville to spend their money. I know one person suggesting something won't make it so but I know I'm not the only person who feels this way. There is a lot right with Springville but we are becoming "out of touch" in what is needed to keep our town somewhere people want to come to, not necessarily to live but to "get away" to.

ID 15: ---

ID 16: More parks with big play grounds and not just grass

ID 17: ---

ID 18: More nice parks on west side

ID 19: ---

ID 20: Add more family activities and places for teens to go hang out locally.

ID 21: Connect walking & biking path on west side of city

ID 22: Something needs to be done immediately to address affordable housing. I have lived in S. Utah County my whole life and will be priced out in only a few years. No protections for single-income residents. I'm against predatory/gluttonous rent increases (30% increase next year). I make decent money and spend 58% on rent. So incredibly sad and frustrating.

ID 23: We personally would love to see more dog parks and more recreation opportunities, better use of land and roads, designated crosswalk/police to walk kids by train tracks!!! More places to eat late @ night!

ID 24: Traffic control and read to Spanish Fork and Kelvin Grove.

ID 25: ---

ID 26: ---

ID 27: More parks!

ID 28: ---

ID 29: Improve availability of shopping and restaurants—expand enlarge the rec center. It is crowded. It is obviously needed and used. Increase rec options. Update and revitalize downtown.

ID 30: I love it here – I love everting about it – it is HOME.

ID 31: The City could offer a place to build a temple for The Church of Jesus Christ of Latter-day Saints.

ID 32: Add a dog park & get green waste cans

ID 33: I wish curbsand gutters and sidewalks (and parking strips where possible) were installed throughout the city. I think people should have the choice to pay for the infastructure improvements in front of their property when improvements are made, or with an additional 10yr rated charge on their utility bills, or when property is sold. The last two options at current interest rates.

ID 34: Reduce Traffic

ID 35: Stop building, keep farms and open ground.

ID 36: ---

ID 37: ---

ID 38: ---

ID 39: Use code enforcement office more

- ID 40: (A) FIX TRAFFIC PROBLEMS ASAP SPECIALLY ON 400 SOUTH BETWEEN 1-15 AND MAIN STREET. 9(B) ATTRACT GOOD QUALITY RESTAURANTS AND AMMENITIES.
- ID 41: It's been a great place to live all my life. Longer turn lanes into smiths (both exits) less trees in the center of 4th south visibility and water
- ID 42: ARTS, MUSEOM, LIBARY, CITY GOVERNMENT
- ID 43: Bring in some stores and eating places so we don't have to go to Spanish Fork or Provo for everything.
- ID 44: 1) Freeway exit into Mapleton to cut down on 400 S and Main St. Traffic. 2) I have seen a huge increase (in the childen and junior department of the library) of books trying to push political/social agendas. I don't like the idea that I have to screen every picture/junior book so my children don't have to be exposed to political/social issues that they should simply not have to worry about under the age of 12. See margins in survey.
- ID 45: ---
- ID 46: More business downtown & along 4th South & good restaurants. Make it inviting to spend money here & not Spanish Fork or Provo (no more apartments).
- ID 47: Make a new exit for mapleton. 4th south is a nightmare to drive on. Need to do something with the old allen store and property!
- ID 48: We would love to see more walking trails and better playground facilities. Also, a reduction in electrical payments and better tasting water!
- ID 49: less cars parked on side of the road. Roads aren't wide enough and it turns into one way streets. Cars park too close to stop signs. This is in neighborhoods that I experience this most/ Cleanliness on our main roads would be better. Rec center is offering less and less (slides and diving boards often closed) but we pau the same price for limited activities there.
- ID 50: ?
- ID 51: ---
- ID 52: Some of us do not get on the city fb site but would like to have notices put into the envelope which comes with the city's bill. Crack down on people who do not stop for stop signs.
- ID 53: lower taxes- no more new schools!
- ID 54: Traffic on Main Street and 400 South. Traffic is crazy on 400 South.
- ID 55: better shopping places of shopping center
- ID 56: Expand Police Services. Need more police officers.
- ID 57: more commercial development- increase sales tax base
- ID 58: ---

- ID 59: Provide more shopping & dining. Also more entertainment opportunities.
- ID 60: Have a better variety of sit down eating establishments. I don't think we need 3 McDonalds. Maybe some higher end restaurants.
- ID 61: -TRIM BACK THE TREES/WEEDS! THERE ARE SEVERAL PLACES WHERE OVERGROWN TREES/WEEDS BLOCK STOP SIGNS, PEDESTRIAN SIGNS + VIEW OF INTERSECTIONS – CUT THEM BACK! -ENFORCE WITH FINES THE RESIDENTS ACCUMULATE **JUNK** ON PORCHES, SIDE YARDS ETC - SLOW DOWN TRAFFIC – CANYON RD IS DANGEROUS!
- ID 62: ---
- ID 63: ---
- ID 64: A supermarket on Main St. Between 400 So. and 900 EAST Provo is very much needed.
- ID 65: Enforcement of rules regarding junk cars in front of homes, weed management and keep property tidy.
- ID 66: Preserve more farm land. Improvement of roads (repairs). Revitalize civic center splash pads.
- ID 67: Use the revenue from Jolley's Ranch to improve the roads in the Jolley's Ranch campground; and access to water and power in all spaces at Jolley's Ranch. Recognize that Jolley's Ranch is as important to some of us, as Bartholomew Park is to others.
- ID 68: I miss biking as much as I used to in other places I've lived. Springville needs better bike options & visibility. Continuing the bike path North from Mapleton would be amazing. Adding bike lanes on major roads & designating some smaller streets to be "bike paths" (keeping car traffic but adding signs).
- ID 69: Weed control, reducing junk, and unkept yards
- ID 70: Irrigation water instead of culinary water for yards.
- ID 71: Make it easier for people to use and enjoy their own property.
- ID 72: Be progressive with shopping and restaurants. I go to Spanish Fork for all of that. Let's get a Trader Joe's where Allen's was (400/Main).
- ID 73: Get 4th south open up. Traffic is bad. Look at Spanish Fork as a model for the city.
- ID 74: ---
- ID 75: When they revitalize downtown, don't run it into a mini-Provo or mini-Slak Lake. Keep the small town feel – avoid an urban feeling.
- ID 76: Springville doesn't have many service opportunities on JustServe.org. If you post them, I know youth that would love to be helpful for short-term service but can't commit to things like youth court.
- ID 76: Slow traffic down.
- ID 77: ---
- ID 78: ---

- ID 79: Consult with residents about building projects. I live in Brookline condos and I HATE the new business put in just South of my home! I was led to believe that it would be a development for senior living.
- ID 80: (1) I see pets (dogs & cats) freely roaming all the time, I would like to see people use leashes and installing fences around their homes. Allowing animals to freely roam is waiting for one to get hit by a car. And my dog was almost attached by one who was off leash. (2) safer cross walks (particularly on center & 400 E), cars will drive even thought when I am in the cross walk & children need to be escorted in the morning. Instill blinking light and have more cross walks.
- ID 81: Make some affordable housing in every wealth, middle-class neighborhood. Mix it up! Allow neighbors to take care of neighbors and be example to each other. Buy a big house in an existing neighborhood and make it into a 4-plex. Make a duplex a little farther down.
- ID 82: Take better care of what it already has before adding more.
- ID 83: Better traffic control during rush times.
- ID 84: Not build apartments (high rise) in and around old Allens! There is plenty of space to the west of the town! That will detract from our city and cause major traffic problems. Please do not do that! We do not want to ruin our small town feel and make us like Orem!
- ID 85: Get Spanish Fork cable network in Springville.
- ID 86: ---
- ID 87: get rid of ½ The people
- ID 88: Gid Rid of RCV (Rank Choice Voting) its manipulative One day voting on papers ballots would be [unreadable] ideal Also, Springville is horrid at fixing water leaks, water problems and watering roads by the parks. They want to restrict the publics water but don't fix problems within the city.
- ID 89: Continued evaluation and action.
- ID 90: Make parks easier to get to/find 1 Park is closer to me, and its tiny and has nothing to do. Why called a park? it has a bench or two I guess. Also, there is a huge lot behind my house with a bunch of junk..worst sight in town.
- ID 91: !!! Reduce Mosquitos !!!
- ID 92: maintaining the parks we already have better.
- ID 93: ---
- ID 94: Work with the city to solve the traffic problems on 400 south to the freeway. Crack down on loud and unlicensed ATV's moter cycles, etc. Running up and down the streets.
- ID 95: Clean up properties
- ID 96: Clean up the weed fields around town & west by the railroad

ID 97: ---

ID 98: ---

ID 99: ---

ID 100: ---

ID 101: ---

ID 102: ---

ID 103: Improve traffic flow on 400 South during rush hour traffic.

ID 104: Bring in more dining options and family entertainment options.

ID 105: Main Street: more public art and more pedestrian friendly. There are many easy and lower cost ways to make our main street reflect that we are the "Art City."

ID 106: Afford able housing

ID 107: move projects faster. Examples: Allens block and Al Curtis park. We know funds are available and multiple proposals or plans – yet NO movement! There are also so many residents with junk and yards that are unmanaged. More could be done to manage the presenation and upkeep of neighborhoods. Youth programs are behind nearby cities. With as much growth as there is in Springville and Mapleton they've got to be more proactive in what is offered and the service provided. Families are passing by Springville to go to Provo for more opportunities.

ID 108: I like it just as it is.

ID 109: Improve emergency response with medics/ firefighters

ID 110: Preserve Wetlands and open spaces

ID 111: A "real" round about by the high school on canyon rd as well as consider one on center st. & 400 E.

ID 112: drop rental costs

ID 113: improve traffic on Main St., Center St., + 400 So

ID 114: central bulletin board

ID 115: ---

ID 116: Improve the loks o access corridors and downtown and improve traffic flows.

ID 117: Reservation for park use seems to give priority to some individuals; leaving remaining dates for resident general public. Rotary Park restroom facillities were not functioning for a portion of summer. "No refund, no written apology"

ID 118: Stop allowing development of multi-family complexes (condos, town homes, apartments, etc.

- ID 119: More businesses that cater to families. Restaurants, fun activities, shopping, entertainment. Less large housing developments that detract from the small-town feel. Improvements to traffic flow.
- ID 120: More affordable housing that isn't high-rise apartments
- ID 121: Fix 4th South Traffic!!!
- ID 122: Creek maintenance
- ID 123: I haven't really paid attendance to things like this! I'm not home most of the time! And I like where I'm living!
- ID 124: make 3rd exit from I-15 to reduce traffic on 400 South probably on 1600 South
- ID 125: REDUCE TRAFFIC ON 400 SOUTH.
- ID 126: Traffic flow on main street at peak times is horrible. It's main thoroughfare for Mapleton residence
- ID 127: Enforce laws requiring people to take care of their yards and not allow people to have in excess more than 4 cars associated with their homes. Parked cars that never or seldom move are eye sores!
- ID 128: No suggestions. Very satisfied with status quo.
- ID 129: Keep a small town city environment. make sure Golf Course gets funding
- ID 130: More dining out areas to eat. More family oriented fun places.
- ID 131: Patrol Center St more. Speeders.
- ID 132: Invest in public projects and increase funding for services such as law enforcement and the library.
- ID 133: I was once followed when running by a man in a truck. There should be some kind of safeguards to protect me when I am alone (patrolling cars, extra lighting in secluded areas, etc.) Also, we live in a neighborhood of single-family homes. Since moving in, we have been completely surrounded by apartment complexes. This does not respect what we had when we moved in. A lot zoned to be a park was re-zoned as a complex.
- ID 134: Consider the needs of those with a smaller voice- the disabled, Spanish speakers, seniors, and youth and make a concerted effort to hear their voice and respond to their needs, specifically around affordability and unity within the community.
- ID 135: -Install a traffic light at the corner of 400 S./750 W. -Control Delivery vehicles that park and drive in the wrong + against traffic, -Residential traffic control, especially city of Springville. Vehicles that park against traffic.
- ID 136: Reduce taxes and the size and scope of city government. I grew up in a city in Calif. Of 90,000. The city's town hall and police station was the size of Springville's old library. Municipal state and federal governments have grown monstrously large since I was a child in the 1950s.

ID 137: Better downtown shopping oppertunities

ID 138: Take out the tiny round about on Canyon Road.

ID 139: As mentioned above life in Springville would be better for us if it weren't for the train making so much noise as it whistles/blows horn as passes by our home, stops, and clangs with huge noise when it starts again, sometimes rattles walls so much that pictures drop off of walls, difficult to hear conversations inside house (and worse outside house), many times awakened in night from train resulting in poor sleep. Poor snow removal in our neighborhood on the west side. It seems that we are the west side of city that sometimes doesn't get the services main part of city does.

ID 140: More shopping or dine in resturants.

ID 141: front runner station

ID 142: Quit Building Condos AKA Apartments. Way to much traffic and crazy driving

ID 143: ---

ID 144: Improved traffic flow

ID 145: Don't grow to large I like the small town feel, and really enjoy the farm field I can see --

ID 146: Build roadway infrastructure to handle growth! I-15 should bypass Springville/Spanish Fork and connect straight from Provo to Juab County line. The current I-15 section should be for locals and access Hwy 6. There should be belt routes around the city- NOW-before you can't get the land.

ID 147: I am extremely concerned about our crosswalks. I have seen too many cars speeding through school zones and past ladder crosswalks occupied by children. I need to know my children will be safe walking down 200 E to Cherry Creek. Please increase police presence at major crosswalks before and after school. Please help educate our citizens about the difference between ladder and parallel crosswalks.

ID 148: Better traffic control on 400 S.

ID 149: Get more eating establishments, Panda Express, Dairy Queen, [scribble]. Etc.

ID 150: ---

ID 151: Reduce traffic from Mapleton on Canyon Road.

ID 152: (1) don't let people park their camping trailers on the street for a whole summer. Blocking the sidewalk, with slide outs out. (2) Have the splash pad open on Sundays. (3) More options for eating out.

ID 153: None

ID 154: Reduce traffic

ID 155: ---

ID 156: Clean up drugs

ID 157: Recreative areas.

ID 158: ---

ID 159: No more homes, where are you going to grow the food people need? You should look around and wake up, we need land for food. You should stop building.

ID 160: Improve traffic flow on 4th South, Main. Remove new 3 way roundabout on canyon road! A disaster in the making! Repair railroad crossings on 1600 South.

ID 161: Reduce the traffic of Mapleton residents coming through Springville!

ID 162: Bring back the Villa and some other nostalgic, iconic "Springville" stores, cafes, the places we all miss, well, at least I do.

ID 163: Don't over-build! Keep that small town feel Leave open space and farm ground.

ID 164: Build more restaurants, bowling alley, shopping closer, encourage new building of businesses. Open more recreational facilities and shopping. Allow bigger activities for Art City Days.

ID 165: More family entertainment- Movies- rollerskating- bowling alley- go cart track- restaurants downtown. I am not happy about the high density housing going in where Allens used to be. That kind of thing should not be on main street.

ID 166: Enforce homeowners citations who don't take care of their yards, creating a terrible eyesore for everyone – also increasing the weed problems for those of us who try to keep our yards weed-free. Also, don't allow broken-down vehicles, etc. To clutter the front yards.

ID 167: Increase restaurants Increase small stores

ID 168: Not so many high density apartments.

ID 169: More fast food options.

ID 170: I can't think of anything. The city and city government does a good job over all, and is always trying to improve.

ID 171: Welcome people who haven't lived in Springville all their lives. Springville is snob city!

ID 172: Enforce rules about clean yards. I see several houses with permanent moving pods. Seems some rules are not enforced.

ID 173: not much, doing very well

ID 174: more shopping choices- freeway exit for Mapleton – get traffic off 4th S.

ID 175: The teen community needs activities. There's a lot for little kids to do but not for teens. Also, sidewalks need to be improved. There are too many roads with NO sidewalks. We want to walk to church but our walk is too dangerous.

ID 176: Better Freeway access to Mapleton. 400 South is a nightmare!!

ID 177: Build a concensus of what springville should look like and work like. At present, discordant mix of old, new, heavy, commercial/small businesses, vacancies too glaring

downtown/ sprawl (unslightly and squashed together) toward the northwest- “city vision” NOT clearly evident.

- ID 178: Making older buildings more ADA compliant, work with the state to improve highway congestion by quickly finishing 1600 so freeway access + moving forward on the development of the Allen’s block.
- ID 179: The only thing really on my mind right now is the very awkward (and more dangerous than it was before) round about your group put on Canyon Road going up to Canyon at the top of the hill of high schme road. Just nuts.
- ID 180: I would love to see more open land and space. It is all getting developed. I miss the agriculture and farm fields.
- ID 181: figure out what to do w Allen/s block, improve entrance onto hwy 89 from neighborhoods, clean streets at intersections
- ID 182: I am a major supporter of the police, although I have not been impressed with Springville City Police as well as the code enforcer. I have a cousin who lives around the corner and caught someone breaking in and the officers were not professional or calm with us at all. I received 3 parking tickets at my own house within 2 weeks that I disagree with and feel like it was excessive and unnecessary.
- ID 183: Have a more interesting downtown, beautify, more other that would be fun to “window shop”. To walk around and enjoy the area.
- ID 184: I am happy with the way it is... a small town, peaceful and quiet neighborhoods.
- ID 185: Improve traffic flow on 400 South west of [unintelligible] st.
- ID 186: The area west of the Park and North of Hobble creek 950 west. Is being used as a garbage dump, homeless camp. I have seen drug users and found used needles in this area on the dirt road. People have dumped their used appliances and couches in the area. Trash is also left all over the place.
- ID 187: Expand youth sports and recreation opportunities. Especially for middle school aged youth.
- ID 188: Limit the growth of Appartments and duplexes. Keep the building limited.
- ID 189: 1. Compete a road from the overpass on I-15 near Spanish Fork to Mapleton – all the way to HWY 89 or further East to Main St. 2. Have a 4-plex of Varsity baseball fields on the West side.
- ID 190: Animal Control- Stray Cats, and Barking Dogs. Solution on Enforcement of Cleaner, less cluttered, or unkept Greens (yards)! *Like to see some “push” by City headers to get going with State Roads for Exit/Entrance to Mapleton. Was promised back when Gene Mangum was MAYOR!
- ID 191: revitalize downtown to include a common plaza so that it can be wheelchair accessible
- ID 192: Get a dollar Store.

ID 193: A little more variety in eating and shopping.

ID 227: Improve traffic flow
ID 228: Forward traffic planning
ID 229: Provide improvements in unkept neighborhoods
ID 230: Reduce traffic on Main St. during afternoon / evening hrs.
ID 231: ---
ID 232: City owned cable TV service

ID 235: Stop building, homes and Apt. Bet better at planting and pulling out trees.
ID 236: Fix traffic on 4th south
ID 237: More restaurants
ID 238: Make it so we don't have to leave to shop
ID 239: More businesses
ID 240: Increase single family housing and limit apartments.
ID 241: More shopping options, and parks, and more public art
ID 242: More restaurants
ID 243: Traffic control getting in & out
ID 244: Reduce amount of homes being built
ID 245: Reroute traffic from busy residential streets (Canyon road)
ID 246: More recreational and shopping opportunities
ID 247: Reject high density housing
ID 248: Control utility fees and taxes
ID 249: Seek more restaurants, shopping and businesses
ID 250: To not grow so fast
ID 251: More open farm land. Less people
ID 252: Equal opportunities for youth programs, not just sports.
ID 253: More open spaces
ID 254: Lower utilities / taxes

- ID 255: More shopping stores.
- ID 256: Lower taxes
- ID 257: More shopping and restaurants
- ID 258: ---
- ID 259: Stop giving priority to church
- ID 260: Fix downtown
- ID 261: Get Mapleton's freeway access complete
- ID 262: More parks and recreation, more walking and bike trails.
- ID 263: Be more proactive in recruiting business to town.
- ID 264: Improve traffic on 4th South.
- ID 265: Traffic is horrible. Daily I witness speeding and horrible driving. People are going to die – the kids on E scouters are not even paying attention to road signs. They need to be maintained, pulled over and given tickets.
- ID 266: Help with getting Mapleton traffic off our street. Keeping traffic at a minimum in the Neighborhood.
- ID 267: Stop building multi-family housing units w/no parking. Why do we believe a developer when they say parking isn't necessary – and then the streets are congested w/ parked cars – and we do it again w/ the horrible idea of multi-family housing for the Allen's lot. Springville is moving in the direction of what I saw happen in California, enough to make me want to move.
- ID 268: A City council that represents accurately the demographics / diversity of Springville. Better/more informative entertaining social media. Please try to involve all citizens and engage more than just the old-boy, white, LDS culture. Reach out! More engaged/in-touch council and Mayor.
- ID 269: Discounted rates for seniors at golf course. Especially carts.
- ID 270: Collaborate with UDOT to reduce traffic and speeds on 400 S and Main Street, and build a more pedestrian friendly city center.
- ID 271: Revitalize downtown.
- ID 272: Encourage more retail businesses.
- ID 273: ---
- ID 274: Less high density housing.
- ID 275: I would love to see more funds allocated to school programs and not have to see them resort to public fund raising to fund activities and programs.
- ID 276: Attract new business and shopping.

- ID 277: It would be great to have more non-water related activities for teens and young children.
- ID 278: ENFORCE TRAFFIC LAWS!
- ID 279: General mosquito abatement. More sidewalks. I have to take my kids to/from school because there are not sidewalks the entire way for them to get to school and drivers do not pay attention enough for me to trust they will get there safely.
- ID 280: ---
- ID 281: Increase opportunities to shop here and not be forced to shop in Spanish Fork and Provo.
- ID 282: ---
- ID 283: Improve street lights
- ID 284: More dining/shopping
- ID 285: Reduce taxes – well its need to reduce homelessness, drugs.
- ID 286: ---
- ID 287: Something minor that I have noticed is parents driving holding their young child when leaving elementary school parking lots. I have noticed this multiple times and I think sometimes this area is so naïve with bad things can actually happen and so a lack of caution.
- ID 288: ---
- ID 289: Fix the empty mall downtown Springville – what a waste of space! We need some good stores in there! The only clothes shopping place we have is the DI and Walmart. Come on...luckily, Spanish Fork is fairly close. We could use some kind of department store. In the 5 years we have lived here there has been NO CHANGE. It is just a car lot right in the middle of town. Also, the Trolley restaurant has been vacant for far too long – a real eye sore! We could use a good restaurant like Chilies or Olive Garden!
- ID 290: Increased diversity in the restaurants and shopping. Better street lighting. More neighborhood parks.
- ID 291: Greater and better variety of restaurants / eating places. Less building of auto supply stores, credit unions.
- ID 292: We need more indoor activities for kids, teens, and families. The Rec Center is great, but there needs to be more choices during the colder months. Arcade, bowling, escape rooms, indoor adventure parks, planetarium, arts & crafts, games zones.
- ID 293: Restaurants (sit down) other than Mexican restaurants.
- ID 294: No more high density housing! Lower property tax so we can afford to live here.

- ID 295: Quit building homes in dangerous/poor areas. I have several people I know that are effected by this. (century neighborhood by west side, some being built near 650 E 400 N; and on 800 E).
- ID 296: FIX THE ALLEN'S PARKING LOT!!! The current flea market status w/ food trucks and vendors is an EMBARRASSMENT!
- ID 297: ENCOURAGE MORE BUSINESS GROWTH, ESPECIALLY TECH AND LIGHT MANUFACTURING
- ID 298: Traffic reduction on 400 S. More pickleball courts. Good Burger Place. Keep focused on good schools/ education/ youth programs
- ID 299: To try and get a couple more retailers to open up in Springville. To Fix the eye sore that is the old Burger King/ Hollywood video/ Allen's Block on Main Street.
- ID 300: FOCUS FUNDING ON KEEPING QUALITY CITY EMPLOYEES + REDUCING TURNOVER- FOCUS THERE FOR A WHILE + QUIT SPREADING FINANCIAL RESOURCES TOO THIN ELSEWHERE, NO NEW PARKS OR YOUTH CENTERS OR WHATEVER FOR A WHILE. BOLSTER WHAT WE ALREADY HAVE, ESPECIALLY CITY EMPLOYEES.
- ID 301: OFFER MORE SIT DOWN RESTAURANTS
- ID 302: We need to help the public know how to be more informed and a part of the city and it's needs. It should be easier to know how to request things like water conservation measures and helping Springville get on board. Or to find out city vision goals, what "revitalize downtown means", and issue city officials see as an issue.
- ID 303: Encourage and support and support small businesses (Also read the Strong Towns book, focus on mixed use zoning and walkable neighborhoods.)
- ID 304: The safety of my family and our possessions is concerning because of the caliber of people brought here due to drug abuse. We have had things stolen off of our property, and have had many encounters with substance-abusers. I wish that substance- abuse was not so prevalent here in Springville.
- ID 305: Improve the recreational parks, Golf course, and develop better sports programs for the youth and adults.
- ID 306: lower utility bills or provide low income housing for our children and grand children
- ID 307: Enforce weed/ obnoxious weed city code ordinances. Stop medium/high density development other than where Frontrunner will hit. Better advertising for city events.
- ID 308: Keep it the same
- ID 309: ENFORCE ANY ORDINANCE HAVING TO DO WITH WEED ABATEMENT, ESPECIALLY ALONG THE CITY SIDEWALKS AND RIGHT OF WAYS. DEVELOP A PLAN TO TOTALLY ERADICATE PUNCTURE WEEDS/ GOAT HEADS. THEY ARE REALLY STARTING TO PROLIFERATE IN MY OWN NEIGHBORHOOD, AND I SEE THEM ALL OVER TOWN!
- ID 310: Work to bring in more retail businesses, especially nice restaurants + car dealerships.

- ID 311: Build better + plan better roads as new development takes place.
- ID 312: Downtown needs to be revitalized.
- ID 313: I would like more trails & bike paths. I find there are several that end after only a short distance. Ex: trail along hobble creek next to the community south west of the sewer plant. The dry creek trail also only goes a short distance.
- ID 314: More recreation activities for kids. I work all day, but the rec. Center doesn't have activities in the evening for kids.
- ID 315: Make ALL of Main Street presentable, not just the area of Center Street to 200 South. It's a weed, garbage infested street with horrible sidewalks.
- ID 316: ---
- ID 317: Connectivity between people, places, and opportunities. Community engagement [is boxed] is great for people who already care... really poor for people who don't know how to make their voice heard.
- ID 318: Increase recycling + yard waste options (for example, picking up recycling every week and offering homes a yard waste can for pick up) -> would pay extra!
- ID 319: no more high density housing. Control traffic on 400 S, and main St. Traffic lights on major highway near my neighborhood. * I don't feel safe making left hand turns on highways.
- ID 320: I really wish we had better options to eat out. No more Pizza or McDonalds! We don't need more high density housing. Our traffic especially on 4th S. is horrible. There are accidents there all the time! I would like more shopping opportunities. All my shopping is in Spanish Fork.
- ID 321: Improve local shopping and dining options.
- ID 322: Resaurant selection
- ID 323: Grocery store at North end of Springville. A few more eating out options
- ID 324: Provid more shopping like Spanish For has done! We need it! Reduce the traffic on Main St and 400 S. Give Mapleton their own exit! Now!
- ID 325: It would be nice if Springville had more variety in dining options and entertainment.
- ID 326: the traffic on main street during the afternoon, we have too many people living here.
- ID 327: take care of their trees on strip of land in front of homes. We've asked for 4 years to trim your trees but they have not done it.
- ID 328: more social activities for Seniors
- ID 329: Stop the bullying in School's especially Springville Middle School.
- ID 330: Clean up North end of main street—the junky apartments that always seem to have old furniture sitting outside and the shopping center/old gas station area on 1150 N.

ID 331: -Enforce yard clean up! There are quite a few yards that need help. -Fix the road on 1000 S. It is bad to drive on when vehicles are parked on both sides. -We need more things for teens to do.

ID 332: ---

ID 333: Complete sidewalks for safety of children walking/biking to school

ID 334: conserve water in the parks to make us actually able to go to them. Otherwise they're just a swamp & mosquito swarm

ID 335: stop electing mayors/council members who seem to bend over backwards to economically scratch each others backs. This is especially evident by current mayors & past mayors rezoning their own properties or associates to the detriment of residents

ID 336: More encouragement/incentive to business to open or relocate here.

ID 337: New website for campground (like the old one) hard to search for empty sites we used to go 4 times a year, now none

ID 338: more shopping choices & restaurants

ID 339: Revitalize downtown to be unique to "Art City" ie a Performing Arts Center

ID 340: 400 South going west at 750 West needs a pedestrian crossing for the kids who are running across. The road to the north to get home from school. I've seen this particular boy who always crosses there after school when I am trying to pick up my middle school aged son at SCMS. He is practically dashing across the road and I'm afraid this boy or other kids will get hit by the cars driving over the speed limit at that part. Its right at the corner of 750 West 400 S by Zion's bank. Its also difficult to pull out onto Main St. from 800 S. going toward 400 S. direction or toward Mapleton. Too many cars coming from Mapleton. 800 S. & 200 E. has a school crosswalk with flashing beacons but people drive over 20 mph and don't slow down. I live in the Artistic Circle neighborhood. There is also a lot of semi side dumpers and heavy trucks coming down 800 S. and Main St. which congests traffic even more. Traffic gets very congested on Main Street at the intersections of downtown and people often block the intersection in the downtown area. Crosswalks need to be provided in multiple places. People also speed on N. Main St.

ID 341: Please try to maintain what we have. Please don't add more businesses. The area by Walmart is so sad now Vape shops, Cannabis, Tattoo, Junky buildings—and this is a first impression of our city when people get off the freeway. How sad. And if they never make it to our main street they'll never know how beautiful, clean, and family focused Springville is. No more big chain/commercial please. We have plenty of restaurants. No more needed. Please don't add lingerie stores, etc. Remember 'It's a Wonderful Life' and the difference the city will become by what businesses you allow in.

ID 342: I feel we have fallen from Arts City... School marching band was embarrassing, we lack so really awesome activities as well. I travel to Payson to participate in a civic chorale. *I do like the arts ball, 5k run, and such. I have a hope for a Scera type theater here. Also we

need community in ownership of our homes. 2500 sq ft home on .1 acre... Too much! I started in a modest home of 1400 sq ft that was affordable here in Springville. We don't need land lords hiking rates and poorly managing apartments. In 50 yrs these will be the dregs of Springville.

- ID 343: I am disappointed that the city combined the power board and water board-these utilities require different expertise, plus more citizens can be involved-it is a step backwards-
- ID 344: Traffic- specifically on main street + 400 south. Reducing accidents + traffic flow.
- ID 345: Make main street... or is it center st... the street that goes North-South thru old down town... an attractive fun old-town. Keep clear lights on street trees, down town-year round- a draw take a look at most all the small towns in Colorado – old but fun upkept buildings + lights on the trees – a fun old town to stroll thru + attracts business – small businesses
- ID 346: The city should confine its activities and tax dollars to areas where geographic monopolies are the most efficient mechanisms, E.G. police, fire, streets, public utilities. Leave entertainment, recreation and business to individuals operating in an open-market environment. This survey contains the implicit bias that if anything gets less than an “extremely good” score, the city should do something about it. Some things (most things) are simply not the business of government
- ID 347: Stop letting businesses open additional locations. We do not need more than one of any restaurant or gas station or drink place. Variety is important.
- ID 348: So I have lived here 31 years and there used to be a lot more things to do bowling, park roche The art city outdoor theater adding more rec activitys we don't even have a movie theater any more I spend a lot more time in Spanish fork for getting food Etc. Because there isn't that much here.
- ID 349: When I drive out by the west fields, I myself constantly remarking, “Where did that come from?” or something similar. The rate of growth without the concomitant expansions of access roads impacts the small-town feeling that made Springville an attractive place. When I used to golf here around 40 years ago, I think there was only one traffic light. NOLO...
- ID 350: Change rule of law that applies to additional RESIDENCE ON PRIVATE PROPERTY... modify height of 2nd dwelling no higher than primary dwelling... Do it!! Immediate attention: law need modifying before it becomes a major problem... contact me if you need an example!
- ID 351: It would be great to have someplace closer to shop, eat out, etc. And, I'd like to see traffic improve on 400 S and on Main St. at rush hour, especially. And, I really wish we had a performance venue that wasn't a school or museum.
- ID 352: We love the bike path up the canyon. It is quite bumpy along the canyon road going west from Barthalomew Pond. I'd love a bike access trail to get through Springville. We love Springville!

- ID 353: Appeal to the state legislature to modify property tax codes for retired seniors, so they are not forced to sell their homes due to rising inflation; and therefor property taxes.
- ID 354: Expand work of I-15 to keep traffic flow lower in city, stop allowing huge homes on tiny lots in original Platt, Looks awful & large homes on tiny lots don't look good adjacent to smaller homes bad for looks & especially next door residents
- ID 355: 1. The "Allens" block of empty nothingness is an eyesore. It has become a parking lot for food trucks, firecracker stands, and care sales. 2. The ridiculous "round-about" on canyon road. That road is too small for such a thing & creates more hazard because of the tight turns vehicles must make. Get rid of it! Use stop signs if need be to control traffic. 3. Disregard by police for underage kids using motorized "vehicles" on City Streets. Several times they have pulled out in front of my car because they don't know how to drive, are not old enough to operate a motorized vehicle on City Street. Now with greater use of motorized scooters, bicycles, & ATV use by minors someone is going to be killed! 4. There is total disregard for speed on Canyon Road after the "Pizza Hut" church—especially motor bikes.
- ID 356: Find a way to control traffic on 400 South leading from & to the freeway.
- ID 357: DIVERSITY THE CITY COUNCIL; THEY ARE ALL WHITE MORMON MEN. AT LEAST PUT A WOMAN ON THERE. THE CITY IS MORE DIVERSE THAN PEOPLE THINK, BOTH RACIALLY AND RELIGIOUSLY. BUT EVERYONE THINK SPRINGVILLE IS JUST ALL WHITE + MORMON.
- ID 358: Stop being bullies at the code enforcement, city government, and community/development agencies. It feels they do not want new businesses to succeed here and for those of us trying to follow their process/rules, it's a nightmare. They are very aggressive and we feel targeted.
- ID 359: More biking trails. I either go to SF or Mapleton. I'm not aware of many in Springville other than Hobble Creek. Traffic after school and Rush hour is pretty bad. I'd love more adult focused Library classes, new skills, hobbies, language practice (Spanish)
- ID 360: capitalize on the "Art City" theme. I feel like we do little to make this city stand out as unique offering a living experience different from S.F. or Mapleton.
- ID 361: Reduce crime, drugs, and illegal activity. Also improve sidewalks where there is no sidewalk.
- ID 362: Not have All the stores in the same location so all the traffic has to use the same road to get to anything. Pressure the state to actually build the 1600 on ramp for I15
- ID 363: eliminate the traffice of trucks on 2600 W/ main st Spanish Fork encorage HtoA to take serious their responsibility to Properly maintain the grounds + snow removal. Cannot read the website concerning garbage + recycle days. The print is too small. Also I was to be given what I could put in recycle bin and never received a written copy. Recycle rate is way too high.

- ID 364: Do not make Springville a 15 minute city- We need more open space or parks rather than Housing. Fix the signal lights so that left turns have a green turn arrow- Not yellow. Nobody can get through on a yellow Arrow. Priority is given to straight thru traffic.
- ID 365: I wish the police department were better at enforcing city code for transient camping and problems with their littering- in plain view as well as hidden. Transients are consistently at Khuni Rd and trail by community park, also at 1400 N.
- ID 366: FOR THE MOST PART, YOUR DOING JUST FINE. PROPERTY RIGHTS ARE IMPORTANT. ITS WHAT DISTINGUISH AMERICA FROM THE REST OF THE WORLD. ILLEGAL ALIENS ARE NOT WELCOME! FOLLOW THE LAWS
- ID 367: Stop the speeding, racing on 400 So Main Street weekends Late Evenings ant the noise of cars racing
- ID 368: Do something with the eye sore of the block that Allen's is on. Allow more businesses in. Why do we have everything of the same. Three Mcdonald's, Two taco bells, a ton of pizza place. Why can't we get a good sit down resturant.
- ID 369: For seniors the taxes + irrigation is ridiculous. In this last 20 years, we've been here the irrigation went from 90.00 to 334.00 this year. I feel like we've lost out on a lot of opportunities to have restaurants- I've counted on my own over 120 cars going to Spanish Fork at lunch time. I feel we need just some nice family sit-down options. We have so many pizza places it's crazy. I feel city officials have been so strict on things businesses have backed out. Its really too bad.
- ID 370: MAKE CERTAIN THERE ARE PLENTY OF ACTIVITIES FOR YOUTH AND SENIORS. HELP WITH AFFORDABLE HOUSING FOR THOSE IN NEED. HOUSING IS A BIG PROBLEM IN THIS AREA, I AM SURE MANY FAMILIES STRUGGLE.
- ID 371: We really hate that new roundabout on canyon rd & Houtz Ave. Anything larger than a sedan or small SUV really struggles to get through. I drive an F-150, if I don't turn really wide & slowly, I'll hit cones or the center raised portion.
- ID 372: Please stop building apartments and townhouses. We are exploding with growth and our schools cannot possibly keep up. Stop forcing the farms and fields out just to shove as many people in a tiny place as they can.
- ID 373: Better communication w/ citizens – for 1 example, when there will be a rate hike in city utilities or services include a notice w/ city bills. Don't leave it all to social media.
- ID 374: Make something happen at the Allen's site at 400 S & Main! At least, insist the current landowner clean up & maintain the site. Enforce (or make) (Post signs? Patrol? Etc.) ordinances prohibiting parking cars for sale there, etc. This is a "gateway" intersection for our city. Explore ways to nudge the current landowners to do something with the site. Invite one of the local universities to propose land use alternatives, etc!
- ID 375: Reduce traffic back ups on 400 South. Maintain the "art city" vibe & family friendly opportunities.

- ID 376: We need more restaurants and shopping areas desperately. I always have to go to Spanish Fork or Orem.
- ID 377: I think providing another freeway exit would help eliminate traffic pile-up on 400 S. I would love to see an anti-drug program in the junior high & high school.
- ID 378: I would like to see a place for a family can go out to eat that isn't fast Food – more healthy and in a range where some low income families can eat and not brake their bank accounts. Some soup restaurants.
- ID 379: 1. Put in shopping centers to bring in more retail 2. less apartments building & more [illegible] to set on freeway and off.
- ID 380: More variety of restaurants, more open space land so I can build a new house within Springville limits.
- ID 381: ---
- ID 382: I would love adult rec. Programs. I've joined pickleball leagues in Spanish Forks with their parks + rec. I haven't seen anything like that in Springville. -- Going through this questionnaire, I feel like I lack a lot of education on these city issues. How do I know more what's going on? More info in newsletter that gets sent w/ my utility bill?
- ID 383: (1) Get businesses in the Allen's building. We could use a Dollar Store Dollar Tree or small eateries (Burger King). (2) Be more responsive to needs -- I.e. when the pickleball courts are full, BUILD MORE. Provide bathrooms and lighting. (3) Make the CRC on PAR to Provo. (4) Encourage a new highway ramp south of 400 South to reduce traffic around 5-6 o'clock. (5) Snow removal needs improvement in neighborhoods. It is more dangerous getting from my house to 4th South than anywhere else. And the plows pile big drifts in my driveway. (6) Barth. Pond – needs real sand --> not dirt & gravel on the beach and more pavilions. (7) Lower taxes!! Use 0-based budgeting. Stop using property values for taxation. (8) Reign in the school district in taxation. (9) Real improvement needs state support. Light rail extension & an on/off ramp at 1600 South would really help in many ways.
- ID 384: –A few new restaurant varieties –Allen's block is an eyesore –Traffic on 4th South & Main is obnoxious during rush hour
- ID 385: More and better police that actually do their job and do what a judge put to enforce and better judges and lawyers that enforce the Laws not let drug addict criminals with mental illness get away with crimes and just pay fines until hurt or kill people.
- ID 386: Lower our taxes going to the schools. Make Springville a financially easier place to retire. Taxes are too high. Don't force us to relocate. Taxes are too high on food, gas and property.
- ID 387: Springville's police department have a very poor connection to the community. Do more harm

- ID 388: Buy a baby grand piano for the library-so the community could use it for musical recitals for a nominal fee. Music is part of the arts & having that access would be amazing! I know Sandy City has a room w/ a piano for community recitals.
- ID 389: Better education for teens about drugs/drinking dangers
- ID 390: Reduce vandalism.
- ID 391: Keep/prevent it from becoming another Spanish Fork or Provo, through housing, open space, businesses, etc, but make it accessible to those places through safe biking lanes/trails & buses.
- ID 392: Rental Homes they are Eyesore. They don't care how it looks
- ID 393: I don't know if it's city wide, but our area is plagued with "goathead thorns". I don't know if the city should do anything about it though.
- ID 394: The trains are horrible! I didn't know they would be so loud and frequent. We need a train railroad crossing guard rails on 1600 S. The trains honk because no crossing arms. The trains stop frequently and causes horrendous noise from the cars hitting each other- even in the middle of the night. I call it an earthquake train because it sounds & feels like it.
- ID 395: Encourage more shopping & restaurant diversity. We are sorely lacking in unique high quality experiences and eating options. There's a lot of fast food, credit unions, and staple supply options, but I'd like to see more specialty shops and restaurants.
- ID 396: Planned development: growth of businesses, affordable housing, better water conservation that goes hand-in-hand with this, (why park strips and grass that is unused but watered or weed filled) connected and safe walking and bike paths.
- ID 397: allow more businesses. In talking to business owners, Springville isn't very friendly in the way they allow businesses to come into the city. Many businesses have chosen not to come to Springville.
- ID 398: Build more park's like Spanish Fork & Payson, we are so behind. Baseball & softball parks
- ID 399: Stop building high density housing! The west area of Springville already has too much traffic! Also, library has a lot of inappropriate books. I no longer allow my nine year old to browse the library shelves without an adult. Its very disappointing. We've sent in complaints to no avail.
- ID 400: I live at the north end of 970 E. The cul-de-sac at the end is private property, the owner has tried to shut it off. But the city says it has to remain open. On the end of 970 E there is some illegal at least questionable activity= drugs, alcohol, graffiti, loud music, pumping, dust & a fire hazard. There are no street lights in that area. If the city is going to demand that the area remain open to the public, then I think they should care and maintenance and lighting. We need a dollar store!

- ID 401: SEVERAL HOMES IN MY NEIGHBORHOOD HAVE CHANGED HANDS AND SEVERAL OF THE NEW OWNERS ARE NOT TAKING CARE OF THEIR PROPERTY (ITEM 17F)
- ID 402: Increase the cost of pay to our police department so we can have a force that actually stays here for their career. Seems we are the place where they start out & move on. Our crime needs good officers to tackle them! I know you think the rec. Center was the answer to our recreational needs, but it is so overtly priced that the citizens can't use it!
- ID 403: I would say to stop SUBSIDIZING & building low cost housing, because these "PROJECT-TYPE" accommodations have always bred crime and discontentment. Government ought not to help in their construction. Police Chief Scott was always against taking federal or state money for them--"It is a Bad Deal!"
- ID 404: Traffic flow. Water pressure in the homes. Paint cross walks and stripe the roads.
- ID 405: TELL PEOPLE TO STOP COMING HERE. FIX BAD TRAFFIC LIGHTS AND PROBLEMS. REDUCE UTILITY BILLS. WAY TOO HIGH! DON'T ENCOURAGE HIGH RISE BUILDINGS. KEEP SRINGVILLE SMALLER.
- ID 406: ---
- ID 407: 1. Put pressure on Google Fiber constructors to finish the job. It has been a year since buying cables and yet no fiber internet due to some issues with union pacific. My work relies on stable fast internet and they need to finish. 2. Hire more police officers. With growth we will need them more.
- ID 408: Lose the company that repaves our roads. Suggestion: Contact Walmart & see who they use. Their repaved parking lot is smooth! The rough roads after having been resurfaced are really noisy & hard on tires.
- ID 409: More pickleball courts in neighborhood parks 😊
- ID 410: Fix the intersection of Main Street and 4th South; provide other routes from the Freeway into town. As one enters Springville from Provo, the view is ugly. If anything needs to be revitalized, it's that area.
- ID 411: I wish Springville would accept more dining options. We have plenty of McDonalds, Pizza Places, and Taco joints. We need more diversity so we are not always eating out in Spanish Fork or Provo.
- ID 412: Bring in more places for Seniors in town—not down in the lower parts, but up here in town, stop the multi-level housing developments... tall buildings with little parking --- which creates storage units because people have no place to store junk which uses up more ground to build on!! And get another interchange for I-15 to rehire the traffic on 400 South.? And the front runners for South Utah County!!
- ID 413: Improve main street. Buy old properties that are for sale and... A. level them or B. give them a make over
- ID 414: Enforce the ordinances
- ID 415: Traffic control. Add Exit/ on ramp to I-15

- ID 416: Better policing + parking area at the end of 970 E that access the Bonneville shore line Trail
- ID 417: Embrace THE ART of LIVING as the city motto.
- ID 418: ANOTHER SIGNAL LIGHT ON 400 S 350 W
- ID 419: There are very few places to eat or shop – we have 3 grocery stores all located on 400 N. As you come into town or leave all you see are used car lots or storage lots – Mainstreet looks junky except between center and 400 N. - out skirts look trashy when I think of eating out or doing any shopping, but groceries I never consider staying in town. A lot of the neighborhoods have houses where they do NOT take care of their property. Lawns are a mass of weeds – it makes the whole city look trashy
- ID 420: ? I like it here.
- ID 421: I have solar + struggle with the arrangement to give my solar to the city. I always have to watch my bill to make sure its correct, that ridiculous round about on canyon needs to go.
- ID 422: Traffic is a problem. I hate driving in town most hours of the day. The round about on Canyon Rd needs to be fixed ASAP. and not put another one like that in.
- ID 423: -Home lot sizes could be bigger. Hate how many homes are crammed into neighborhoods. X -Higher glass wall in hot tub at Clyde rec center so you can hot tub without being splashed. -Keep more farmland.
- ID 424: I would appreciate if Springville made a conscious effort to support diversity. My husband is Hispanic and we speak Spanish at home, but do not often see visibility of other multiracial or multilingual families, events, cultural activities, etc. Similarly, our neighbors often exclude us from activities because we are not part of the same LDS ward (we are Catholic).
- ID 425: I strongly believe the city should follow up on the trashy yards with extreme fire danger resulting, cars parked on city streets, businesses in homes where zoning does not permit, and allowing multiple families to live in homes zoned for one family. Police should maintain speed limits, and also pay attention to road rage.
- ID 426: *Drug dealers *Cut down on high density housing *pay attention to homes that have garbage, WEEDS, broken down vehicles and act on it before it is a huge problem.
- ID 427: More police and fire department. Better shopping – stores, restaurants, etc. Slow down on building of new homes.
- ID 428: 1) No hi density housing. Brings Crime. Build a bedroom community. Safe one. Protect the people that live here. Stop the growth. Bigger is not better. No illegals – been there done that! 2) Cell phone coverage in the River Bottom
- ID 429: Living here this long so far- They done a good job. On a lot of improvements- dealing with the growth. Overall- it's been good living here.

- ID 430: another I-15 exit on 1600 South to help with traffic on 4th South. Thank You for the opportunity
- ID 431: GET RID OF CERTAIN NASTY COPS LIKE SGT. HALLADAY. ELIMINATE ALL BILL BOARDS- ESPECIALLY LAWYER BILLBOARDS (INVASIVE, DISTRACTING, UNSIGHTLY + DANGEROUS) ELIMINATE CERTAIN CITY PLANNING + ZONING EMPLOYEES WHO CAUSE UNNECESSARY DELAYS + EXPENSES AND DONT COOPERATE. ADD PARKS + TRAILS WEST OF FREEWAY TOWARD PALMYRA REDUCE SEMI TRAFFIC + PARKING ON WEST SIDE OF FREEWAY.
- ID 432: 1) Conclider UTA Service further East (currently Bus service Runs on 4th East). 2) On-line library services should link Statewide!
- ID 433: More restaurants + public transportation access
- ID 434: I believe I am a responsible citizen & I don't want more policies or laws. We as citizens need to be responsible for what we own NOT have City fine or warn us for someone elses standards. Have respect for each citizen. Everyone is different & deserves to be treated with Love.
- ID 435: Have an indoor cultural arts center – close to town, plays, programs, etc. Preforming Arts Center!
- ID 436: Improve downtown & old neighborhood & get the trains to stop honking so much!!
- ID 437: Put a cap on high-density housing projects. Our city lacks the infrastructure to support it.
- ID 438: I see lots of homeless people & drug addicts around main street. I would like to see less of that. The traffic near walmart is ridiculous.
- ID 439: Downtown is unfortunate. If some family cannot get their act together to update the main shopping area downtown, Springville should force the issue. I am not a huge fan of Spanish Fork, but in the last 10 years, their development outshines Springville on almost every level-disappointing.
- ID 440: The insane speeding problem on Residential Roads. Lower utility & taxes by allowing more business.
- ID 441: Clean up main street.
- ID 442: DO NOT PUT 3 story high density housing or buildings here. It totally detracts from our beautiful city. That awful new construction near our Rec Center as an example of poor use of the area- also that Ugly Box Car Mall- curious how that ever passed near Walmart. Let's beautify our city. Low-income housing tastefully done please! Plan carefully for new developments- DON'T OVERCROWD- Limit new developments!
- ID 443: The city doesn't work hard enough to attract big businesses, shops, restaurants. The city doesn't encourage citizens to have their property clean and in good repair. Our neighborhood has a problem with people w/ multiple cars parking on the street.

- ID 445: Enforce parking down in neighborhoods. People can get away with parking in front of fire hydrants, blocking sidewalks, taking up space with commercial traffics & equipment, etc.
- ID 446: 1. Enforcing the laws and rule of yard and weed control on private property & streets. 2. Taking better care of school walkways for safety. 3. Trimming trees that hand over in the streets. 4. Bring in some better restaurants for taking families out to eat. (ex. Olive Graden, Sizzlers, Chuck o Rama).
- ID 447: Provide some more affordable housing and encouraging a food pantry for assistance to those in need. Upkeep areas with weeds, disrepair, or poor roads, etc.
- ID 448: -Traffic improvement –downtown upkeep & improvement –old Allen’s grocery -> Target!
- ID 449: -More patrolling in neighborhoods to enforce speed limit. -Better parks for kids that include bathrooms and [unreadable text] located right next to busy streets and [unreadable text] ponds/ large bodies of water [unreadable text].
- ID 450: --
- ID 451: Traffic- specifically speeding- and that dumb new small round about by the high school- people run stop signs all the time. I live by a school- everyone runs the stop signs & goes too fast- just waiting for a tragedy to happen, like by the high school.
- ID 452: Offer incentives to homeowners who are looking at purchasing homes that have a lot of work to be done- esp. Ektenor yards. Even if it is free dump passes, or help loading & hauling away.
- ID 453: The traffic is a real problem down town with all the people building in Mapleton and having to set off at our 400 South. What is happening with the old store- Allen's parking lots?
- ID 454: Reduce/central traffic on 400 South from I-15 to Canyon Rd. We’re concerned about extra traffic with the opening of the new high school. Maintain weight avenue as a quiet, residential lane.
- ID 455: I would like it if it were easier for disabled and ederly to easily get rides. to get Mapleton an off ramp of its own
- ID 456: traffic going to Mapleton is Terrible! We need an exit and road dedicated to that. This is a HUGE problem that effects all Springville residents.
- ID 457: Improve downtown.
- ID 458: all the traffic pouring in on 4th South (lots trying to get to Mapleton) make me want to stay off that road. Too many businesses of 4th South. Down Town needs more businesses – That Allen’s lot needs to be a bowling alley and ice cream place like “Yummy’s” was on main – everyone liked it!

- ID 459: I think having people keep up their yards. When you drive through a town + see kept up places it so warms your heart. Springville City is a special place to life. Thanks for all you do...
- ID 460: Spruce up main street visually – Have more dining choices. Clean up Walmart parking Lot.
- ID 461: More bike trails, beautify the city leave wetlands alone
- ID 462: We would love more restaurants and places to shop! Also, this is probably not related to the city of Springville, but we need more of a response from Fish and Game property. Our backyard is being taken over by overgrown trees on the fish and game property side, but fish and game will not come take care of it. We will get in trouble if we go on their property to fix the problem.
- ID 463: Transparency from police dept to city council @ crime rate. Have a police chief with actual Law enforcement experience!
- ID 464: Fix railroad xings
- ID 465: Any action the city could do to promote pedestrian safety + access to all areas of the city would be appreciated. As a frequent pedestrian and would-be cyclist, I don't feel very safe and feel little respect from motorists.
- ID 466: Improve existing city parks. For example, Childs Park has nothing for toddlers and no normal swings. Its use is relatively limited because of this.
- ID 467: Make downtown Springville more consumer friendly, support businesses who want to move here. Improve the appearance of 4th south + main – it looks abandoned – not a good image coming into the city from I-15
- ID 468: Limit the amount and size of apartment complexes.
- ID 469: –Bring better food and business-no more Mcdonalds/Tacobell/pizza/banks/car shops – Also no more roundabouts. Only stop lights.
- ID 470: –Make the water taste better –More variety of eating places
- ID 471: No more: car parts stores, car lots, BANKS, Pizza stores. We have 3 McDonalds, but NO really good sitdown restaurants!
- ID 472: Add a safer way to get across highway 89 south of 400 S. With Spanish Fork offering more stores and services, to get from my neighborhood to Spanish Fork is either inconvenient or dangerous.
- ID 473: Keep it small. Only thing needed is more restaurants.
- ID 474: ---
- ID 475: Get a different fire chief and police chief. Put a roundabout at 400 East and Center to slow traffic, stop accidents from people running the stop signs and ease the back up of 3 blocks during school drop off and pick up.

- ID 476: Stop high density housing developments and a light at the intersection of Evergreen and Highway 51, or at least a designated right turn only lane Because traffic backs up due to people turning left onto Highway from Evergreen. It's a dangerous intersection.
- ID 477: OUR PARKS ARE TERRIBLE, ALL OVERFLOW PROPERTIES IN NEIGHBORHOODS ARE FULL OF WEEDS AND VERY UNAPPEALING. THEY ALSO FLOOD AND CREATE A DROWNING HAZARD IN OUR NEIGHBORHOOD. THESE NEED TO BE FIXED. AND THE TRAIN IS SO LOUD IT SHAKES OUR HOUSE TO THE POINT IM CONCERNED OF THE HOME STRUCTURAL INTEGRITY
- ID 478: I would love to see more parks and an intergrated trail system, especially trail near the creek/ lake. We have a lot of natural beautyf, but other than up the canyon (which we love), it's not very accessible, just a few short sections of trail (like the gem by the high school). We leave town to use the Mapleton, Spanish Fork River & Provo river trails. I would also love to see something like Spanish Fork's Adventure Heights Park (wouldn't need to be as big + fancy, but the unique & inclusive aspects are wonderful).
- ID 479: I would like to ese more thought and effort put into preserving Springville's history by taking better care of the building which houses the Springville Pioneer Museum.
- ID 480: fix the roads, Help the Flow of traffic, Weed control and garbage control.
- ID 481: Quit over taxing especially those like myself that don't and never had children – increase of property tax is rediculus to improve water sewer or electric.
- ID 482: Traffic control on busy residential areas.
- ID 483: Improved cost of housing by increasing low to Medium income housing, more high paying job opportunities, traffic flow and control (widening 400 S., lights or stop signs on 1600 S.
- ID 484: Clean up, renovate downtown area. As new developments go in require developers to include parks.
- ID 485: Additional activities for youth outside of sports. More walking paths
- ID 486: I absolutely hate the sewer plant right behind my home and some days it makes me ill my house always smells bad, I would want some things to help change this. If anything can.
- ID 487: Slow down the growth, but it's too late. It has to stop sometime, we are getting close to being out of room to build.
- ID 488: 3) Too much WW Clyde influence 2) Too many homes and lots have junk, weeds and are not well maintained 1) Main street, center street and 400 S. congestion is excessive
- ID 489: Transparency in city government! And realy seems like the few families that are in control have their own agendas. I find dealing with the "city" on most matters to be quite stressful. Most of the employees @ the city building are not people oriented and sadly that has created a reputation. Main Street is a modge podge! Allens corner ☹️ I

think its shameful that the museum is not better utilized by the community. A digital reader board by city center of events would be great!

ID 490: Not Putting up so many Apartment complexes.

ID 491: -Please start building the mixed use buildings on the Allen's Block –I would love to have our bike trails connect to the trail system in S.F and Provo. Maybe add a bike lane up the right fork?

ID 492: Improve water, decrease mercury & aluminum

ID 493: Lower all TAXes. STOP Clyde Center taxes. Boats Full. STOP encouraging growth. Take away 2 laws for every new law enacted. Your reimbursement rates on solar are Terrible. Hence I haven't got solar. Be citizen friendly not enriching power company. Lower golf fees for locals + seniors. Make more things voluntary not mandatory. Smaller govt. More Liberty + Freedom.

ID 493: ---

ID 494: Something that I get so upset about is that I heard Springville turned down the opportunity to get a Costco. Therefore, Spanish Fork built it, and look at all the awesome stores that have gone up around it. I absolutely hate all the credit unions, duplicate auto zones, pizza places, soda Delicious. Why can't we have a variety of good, quality commercial stores. I don't use Springville for my shopping. I either travel North or South. - Kinda sad! I hate the rock-chipping that Springville does on roads!! Allen's Parking lot is an eyesore. North Main St. Looks dumpy.

ID 495: FIRST, YOU SHOULDN'T HAVE SOLD TEH RIVOLI TO THOSE PEOPLE, THEY HAVE NO IDEA WHAT THEY'RE DOING WITH IT. BUT, YOU REALLY NEED TO ATTRACT MORE DOWNTOWN BUSINESSES AND BREATH SOME LIFE INTO IT. LOOK AT WHAT PROVO DID TO THEIR DOWNTOWN.

ID 496: Improve traffic flow into and out of main thoroughfares, control traffic flow and speed in neighborhoods. Better zoning policies, homes are too close to industrial and businesses.

ID 497: Decrease the taxes/fees (make it cheaper to live here).

ID 498: Replace the public works director and the city manager. In my opinion it is a travesty what they have done to our city over the years!!!

ID 499: I would have more community events because if you don't belong to the local church it's hard to feel connected to the local community.

ID 500: It would be nice to have better mountain biking, especially if it could connect to other trail systems.

ID 501: help limit aircraft overflight, do NOT expand Spanish Fork airport

ID 502: lower cost of living. not [illegible- see? Use?] judgmental

- ID 503: –Less car lots and increase commercial offerings! Presently, do more shopping in Spanish Fork –Redevelop Allen’s property-eye sore when entering main street –Enhance “Art City”-should be unique w/ cultural, theater, galleries, sculpture, etc.
- ID 504: –Traffic Flow –Trains stopping traffic for long periods of time - (maybe its mostly Spanish Fork) –Neighborhoods with cars parking on both sides of the street so there is only room for one car to pass at a time. Hard to see if children are present - in road.
- ID 505: CREATE A PARKWAY FROM HWY 89 NORTHBOUND FROM MAPLETON THAT FLOWS TO 1600 S. TO AND FROM I-15 SO THE MAPLETON TRAFFIC DOESN’T CONSTANTLY FLOW THROUGH DOWNTOWN SPRINGVILLE TO AND FROM THE 400 S. I-15 EXIT. HELP PUSH FOR A MAPLETON EXIT ONTO I-15 NORTHBOUND AND SOUTHBOUND BUT EVENTUALLY ALLOWING MAPLETON TRAFFIC TO FLOW ON AND OFF OF I-15 FROM THE NORTH AND THE SOUTH. BUILD A RAMP OVER 1600 S. TRAINS WITH VIA DUCT!
- ID 506: ---
- ID 507: Do not allow anything modern/high density to be built on the corner of 400S Main (Allen’s). This corner should complement our city. Something architecturally beautiful, congruent to the rest of historical main street. A structure that won’t look dated in 20-50 years.
- ID 508: Fire the animal control officers immediately. I have filed numerous complaints about my neighbors (5) yes FIVE BARKING NON-STOP DOGS!!! When are we going to address these 5 barking 24/7 dogs?? Not only have I called and filed online complaints, so have my neighbors. WHEN ARE WE GOING TO SEE THEM HAULED AWAY?
- ID 509: Bring in new businesses so you can lower property taxes.
- ID 510: Keep it that way! 🖱️ (arrow) Please keep Springville small! No high-density housing- no more businesses! Please help relieve traffic by giving Mapleton another way to get into Mapleton. Find ways to relieve traffic on 4th South! Traffic has been bad with the JR. High near us and High School. Please help keep Springville that little oasis from all busy, congested cities all around.
- ID 511: Better is hard because we are already so good! * Focus on staying ahead of crime and civil unrest that grows as law and order is politically avoided by politicians. * Make city employees friendlier towards citizens. Letters to the Mayor, inquiries at city offices. They seem so protective as “gate keepers”.
- ID 512: Overall, Springville is a great place to live and raise a family!
- ID 513: I feel Springville is a very good place to love. I am concerned more is not being done about the old Allen’s store. It is an eyesore. I am also concerned about the flow of traffic. As Mapleton & Springville grow, so does the traffic problem.
- ID 514: Allow public access to existing shooting range at mouth of canyon or obtain land for shooting & archery range.
- ID 515: We need to do something about traffic on and around 1600 S. It isn’t very safe. I know said 1 thing, but after that, it’s recycling more.

- ID 516: Slow down high density construction. Add freeway on ramp to reduce traffic on 400 S. Close train track and make it a walking path.
- ID 517: -Family rec center passes being more affordable -Youth sports programs having more options. Like, not just one sport in certain seasons. Baseball being one for our particular family. Our 4 year old missed the deadline by 2 days and they wouldn't let him play.
- ID 518: *Springville unfortunately doubles as an access point for Mapleton to the freeway. Traffic through the 'veins' of the city is getting worse, so I hope there are plans to address this. *Nobody with a job can visit the Art Museum because of the lousy hours! After writing, this I checked out and see that it is now open until 8pm some days and I feel a bit foolish. Still, more consistency would be nice.
- ID 519: Noise reduction from light installed on highway between Springville & Mapleton. 1600 South cannot get out on highway easily with light ½ block away. Need noise reduction fence from 1600 S + South 1-2 blocks.
- ID 520: Develop/attract more retail & dining opportunities. I'd like to keep the tax revenue generated from these establishments in our town.
- ID 521: Design a much better way to safely move traffic in & out of this special place. If you build, expand, you are not doing your job unless are also have traffic around, not through Springville!!!
- ID 522: We have had massive growth the last couple decades which brings youth that need community opportunities. There is not much for them to do and the sports programs and the sports options were the only ones mentioned in the survey. We need to be inclusive & creative. We also need to bring in retail to give youth the opportunity to work. There are so few jobs for them. They need purpose. 💞
- ID 523: Is possible to something about the loud, noisy vehicles speeding down the street! Sometimes we can't hear someone talking when these vehicles go by & our doors & windows are closed. When outside, even yelling, we still can't hear when this happens or when there are so many vehicles going by we can't hear.
- ID 524: More dining & shopping options.
- ID 525: Provide more city parks in the west part of town, improve communication between city & residents, provide more green space.
- ID 526: Springville needs a "noise ordinance" for the residential zones, one that has stiff penalties for repeat offenders. Several times a day we are subjected to very loud cars/trucks/ motorcycles that are extremely loud. Often these vehicles race up and down 400 East, repeatedly revving their engines as if to make sure everyone can hear them. This is very distracting, particularly in the evening hours, often sounding like they are inside the house.
- ID 527: 1. Water retention basin on 400 South and 1800 East need trees planted in the parking strip on the north and east side. 2. Please limit high-density housing in areas within walking distance of public transportation.

ID 528: We'd love to buy a home, but it seems there are no affordable homes on the market.
Would also love more walking/biking trails around the city & a frontrunner station.

- ID 696: ---
- ID 697: Provide more shopping and dining.
- ID 698: I wish people took more pride in the care of their lawns and yards. I ride my bike around town and I'm sad at how people don't seem to care about where they live
- ID 699: ---
- ID 700: Revitalize downtown, especially the old Allen’s store, but let commercial growth take place in Spanish Fork.
- ID 701: Bike access throughout neighborhoods, including curb cuts to make stroller and wheel chill access easier, and trimming vegetation back at intersections to improve visibility.
- ID 702: Have more affordable housing!!

- ID 703: Prices of houses to be 1/3 of their current prices, so families could afford to buy a home and pay it off during their lifetime in Springville.
- ID 704: Live right between Hwy 89 and Hwy 51. I wish there were better ways to walk across each of these roads. Our elementary school is across HWY 89 and so is our church. I would love our kids to be able to walk safely to school. A "sky walk" over Hwy 89 would be amazing! Also, a safe way to walk along Evergreen Rd. There is no shoulder or sidewalk along parts of this road which makes it very unsafe for pedestrians. I would love to see improvements there. Also a safe way to cross HWY 51 near the UTA bus stop /evergreen rd.
- ID 705: Protect! It's really concerns to me how irresponsible Utah cities are developing. I am really concern that in the three years I have lived here how many fields are gone & now developed with no thought except profit. Communities should be built for the people who live their and not to maximize developer profits. We should protect the amount of traffic that fills our roads, the class sizes of our schools, the open spaces that increase the enjoyment. I feel if it is not done right Springville will be crammed with houses and our facilities and experiences stresses with overcrowding.
- ID 706: I hear from TONS of people that the city is one of the hardest/difficult/pain in the ass cities to work with to build projects in. There are people in the city that need to move on. Quit caring about shutter shade colors. Let people choose what they want. Don't let planners/zoners dictate so much.
- ID 707: Having a vision for generations to come is important for the city to develop and present. It's important for Springville to value its citizens and to provide services AND activities that unify all ages of citizens so that stronger interactions happen amongst themselves. Maintaining & improving the quality of living needs to be an ongoing priority.
- ID 708: We're very interested in reducing car dependency and making our downtown more walkable (more like Provo, less like Spanish Fork). We would like you to support/expedite Frontrunner expansion and improve bike trails/bike access.
- ID 709: Add some restaurants. Not sure why only Spanish Fork is getting them.
- ID 710: Finish the 1200 W project, including the bike commuter lanes to Provo.
- ID 711: Give incentives to new retail.
- ID 712: Lower property taxes.
- ID 713: Have a little better food options.
- ID 714: Improve walking paths in newer residential areas near freeway.
- ID 715: No more building.
- ID 716: Water needs to not taste like chlorine. Utilities seem high as well.
- ID 717: Clean the weeds in the city parks and properties before issuing citations to homeowners!

- ID 718: Do Not want low income housing – lowers values of city. DO NOT want Springville to become a ghetto!
- ID 719: School safety. Improve the school environments K-12.
- ID 720: Update neighborhood parks or build new parks. Bring more dining options.
- ID 721: Reduce traffic congestion on Main Streets.
- ID 722: Freeway exit for Mapleton. Better use of commercial—no more banks, auto parts.
- ID 723: Those answering the phones in the city offices and police station need to be more pleasant.
- ID 724: More walking / biking trails. More public transportation, more easily accessed.
- ID 725: Walkable options for kids (curbs, sidewalks, crosswalks, etc.)
- ID 726: Be completely clear and transparent on costs of running each department including why each fee is being increased and the new money will actually pay for.
- ID 727: Place more focus on residential quality of life and less on development.
- ID 728: More eating places—Zupas—Roxberry—sizzler.
- ID 729: Continue doing what they are doing – its working.
- ID 730: Bring in more eating places. Right now Spanish Fork & Provo get the tax dollars that should be spent here in Springville.
- ID 731: Traffic issues are common and sometimes dangerous to pedestrians.
- ID 732: Traffic Flow.
- ID 733: Better Animal Control and people who have barking dogs and will not control them.
- ID 734: Traffic control & cars parked on the street all year long in Front of our home!!
- ID 735: More traffic control – it's getting too busy on major streets. More police patrols on Canyon Road, too many people who speed. Lower city taxes.
- ID 736: Having better stores to shop, more restaurants instead of pizza, taco places. Nice sit down restaurants, movie theaters.
- ID 737: Increase connectivity and access to pedestrian and bicycle facilities. Adopt and implement active transportation master plan priorities ASAP!
- ID 738: Stop building so many houses and destroying our lands. In the time I have lived here I have seen growth that is unsustainable.
- ID 739: Establish more low-income housing options for both younger and older people to be able to have right-sized and right-priced housing options.
- ID 740: Quite trying to control everything. Only ticket or punish people that do stupid things not the reasonable ones. Parking a trailer on the street in a place that doesn't interfere with anyone shouldn't be a crime.

- ID 741: Allow new businesses—everyone goes to Spanish Fork to shop.
- ID 742: Quit building more housing. Have a \$ store. Lower property tax.
- ID 743: Keep it small.
- ID 744: Reduce traffic.
- ID 745: Fix the traffic on 4th south.
- ID 746: More food options.
- ID 747: ---
- ID 748: Better public transportation.
- ID 749: Better traffic control on the south end of town
- ID 750: Provide water & sewer to my residence.
- ID 751: Reduce traffic on 400 south.
- ID 752: Incentivise home renovations by giving forgivable grants to those that buy old homes.
- ID 753: Keep high density housing out. Keep that small town feel while making the lives of those that live here easier not more complicated like a bigger city.
- ID 754: ---
- ID 755: NOT HAVE 3 MCDONALDS!!!!!!! NOT HAVE 2 TACO BELLS!!! NOT HAVE 2 SODALICIOUS'S!!!! GET MORE SELECTION OF FOOD PLACES AND SHOPPING SO WE DONT HAVE TO TRAVEL TO SPANISH FORK!!!! SPANISH FORK IS EVEN WORSE WITH CONGESTION!!!!!!
- ID 756: reduce traffic on 4th south
- ID 757: Better speed enforcement on old south main people are constantly speeding plus the dirt bikes and UTVs and ATVs that race each other
- ID 758: Work to decrease car dependence.
- ID 759: Keep it feeling like a small town
- ID 760: Put in Trader Joe's where Allen's used to be!
- ID 761: Traffic on 4th south/how busy everything is.
- ID 762: Improve the quality of sidewalks.
- ID 763: Bring in more food options, especially non-chains.
- ID 764: Support performing arts by building a real theater, or at least by making the Rivoli usable.
- ID 765: I wish there were more indoor options for families for entertainment--like a skating center or a cheap movie theater.
- ID 766: more open space/parks

ID 767: Better traffic control

ID 768: Unsure

ID 769: Increase restaurants and eating places rather than credit unions

ID 770: Less development of high density housing and congestion.

ID 771: Make it more attractive. We moved in during the winter time and did not realize no one in our area took care of their yards. No one cares. No one enforces it. We moved from and much smaller home, much less expensive but in a great neighborhood to a bigger, more expensive home, but in a trashy neighborhood. We can't ride our bikes anywhere because the puncture weeds are so bad we can't make it 2 houses before we have flat tires. I could never in good conscience recommend Springville to anyone I know and like to associate with. I leave the area to shop, meet friends, etc. I don't really even have friends in Springville. But we can't move because...house prices and interest rates. My husband's work flew in some people from out of state and they said they felt like they had gone back in time 30 years. That about sums it up.

ID 772: We recently had the city arborist come and he was very new and didn't seem to have a lot of help. Springville has a lot of trees so they could take that more seriously?

ID 773: Más alumbrado para caminar por la noche

ID 774: More convenient and variety of businesses

ID 775: more neighborhood parks, develop the Bonneville shoreline trail

ID 776: Be proactive. Be progressive. Be informative. Tell us specifically what your goals are in each department. What is your focus and your plan? We have a lot of information sources, but "So What"? Be willing to watch out for the unfortunate citizen who needs your help. Don't hide utility rate increases. (in lieu of taxes) Put substantive information in your communications with citizens.

ID 777: Control the Traffic - 1600s I-15 EXIT NEEDS TO BE CONSTRUCTED. ASAP

ID 778: Traffic control and traffic flow.

ID 779: ---

ID 780: Would enjoy the development of a commercial shopping center.

ID 781: Better public transportation, city run parks in camelot neighborhood, more variety of shopping.

ID 782: Why just one? There is a joke around Springville...how many city workers does it take to install a lightbulb? 7...6 to supervise and one to actually do the work. This sums up how many in this town feel tax dollars are being irresponsibly wasted. Start caring about your citizens...that's how you can improve.

ID 783: Keep the commercial business on the west end of town near the freeway

ID 784: Not pack in so many homes.

ID 785: Make all building and sidewalks wheelchair accessible

ID 786: Traffic is getting worse and worse. People always cutting other people off to avoid traffic.

ID 787: Lower costs

ID 788: I was like bothered by the interaction of the high-speed Internet company/city measure, and the lack of follow up after they damaged my yard and the sidewalk. Nobody cared or did anything to fix it. It ruined my sidewalk & curb.

ID 789: I'm very happy here.

ID 790: ---

ID 791: Work on the traffic and growth issues!

ID 792: traffic is getting bad and the development of dense housing is important but the roads to support that is very poor. The flow of traffic using a few main roads is a very poor idea. We have 4th and main. 7th south from the Middle school to the Rec center is a very poor design. We are going to need more roads that don't have residential homes dumping into them. Roads that are meant for for traffic flow to major areas of the city.

ID 793: More commercial development to help with providing a better tax base so improvements can be made

ID 794: Improve old neighborhoods - give them a newer feel. Less cars parked on the streets.

ID 795: "Considering that retail and tax revenues in downtown may not be the best focus. While Springville downtown is indeed struggling it doesn't make sense to keep chasing the same thing if it no longer works. Parking and traffic flows have change the viability of retail in Springville downtown. You either have to go all in and get some big draw tenants or find a way to convert more retail into residential. I also think east and west Springville are very different in how they were planned. The newer neighborhoods behind smiths were not tastefully developed from a parks and walkability side. The overlay that helped put higher quality architecture in was a draw for us to these neighborhoods but that can't always makeup for park and open space planning. "

ID 796: Get traffic off of 400 S and Main (maybe by preventing more high-density housing).

ID 797: Fix downtown eyesores (esp. 400 S and Main). Affordable housing for the next generation

ID 798: Shoreline trail access needs major improvement. The trails up there currently have very poor access. Expedite the bike park too

ID 799: Make the tap water cleaner.

ID 800: I think our parks need some updating and traffic on main Street and 400 S is so crazy. We also need more restaurants and shopping

ID 801: Nothing. It is great

ID 802: ---

ID 803: Encourage more businesses in the old downtown. Put a mixed use 4 story building up on the Allens store block. Professional businesses and restaurants on the first two floors 1-2-3-bedrooms condos or apartments on the next two floors. Nice restaurant on the rooftop with views of the canyons and stars. Owned by the city and leased to a developer for income to reduce taxes.

ID 804: idk

ID 805: ---

ID 806: Reduce high levels of traffic

ID 807: The traffic

ID 808: More youth programs.

ID 809: Traffic by walgreens and off I 15 south

ID 810: Traffic is crazy in the morning and late afternoon. But I don't have any idea how to improve the freeway access th minimize the issue.

ID 811: Recreation opportunities for adolescents and adults.

ID 812: I am extremely disappointed and frustrated by how our city council has handled (or ignored) the Allen's Block and how downtown has died. There seem to be more things that go out of business than open. And the Allen's block is so ugly and nothing has moved forward with it for literal years. I attended community meetings in 2019 with a development company who had great ideas with how to develop that area and how it would jump start revitalizing downtown but it seems that the city did not move forward with any of the plans, and we are here 4 years later with nothing substantial that has changed. The only thing that has been done with that area is that is has been allowed to become a place for food trucks, parked cars, and an independent used car lot with cars for sale. It is the busiest intersection and it adds no value to our city. It just seems to follow the trend of our city not allowing for change and development anywhere east of the railroad and so our downtown is dying and the only thing I like there is the library and the Christmas lights in the trees each year.

ID 813: Let us know about what is going on

ID 814: Better local retail and food options.

ID 815: Make more bike/pedestrian paths to make it safe to travel around Springville without a car.

ID 816: Revitalize downtown

ID 817: I do wish there was just ONE thing that could make Springville a better place to live, but I do have three things that cause me to regret moving to this town three and a half years ago. The traffic and congestion around our community is insane. I understand it was a mostly residential community when it was originally laid out, but there does not seem to be any previous planning to the way the community has grown causing the traffic to be mess in our community. We need an additional I-15 exit to be built to allow

Mapleton residents to travel to their community without plugging our community with their traffic. Allowing high density housing to be built in the same areas as high traffic retail only causes further congestion on the streets. As much as Utah law makers would like to believe they can make us pay for mass transit to solve traffic issues in our communities, we are a personal vehicle population and our communities do not allow for mass transit to be the solution to traffic issues. Springville needs to bring our fire department more in line with what is needed for a town this size. Asking our fire chief to respond to things 24/7 without the support of other supervisory personal is ridiculous. We need to have battalion chiefs and an assistant chief that can respond and lead the calls within our community and not expect the chief to be the only supervising officer available for all calls within our community. It is great to finally have fulltime personnel for our emergency needs, but we need to have the supervisory support for this type of department. The cost of electricity within our community is excessive. In the 30 years of owning homes, in multiple areas of Utah County, I have never had to pay this much for electricity before. I have had Rocky Mountain and Strawberry Electric and neither of those companies ever charged this much for their services. I think it may be time for Springville to consider looking at other options for providing services to our community and stop using this as an option for subsidizing other costs within the city.

ID 818: Springville only sees one group of citizens - young families. The rest of us don't exist. Only one adult restaurant in town and it is priced out of the pockets of most. Oh, right, there is the golf course. Which, of course, proves my entire point by only benefitting an extreme minority of adult residents.

ID 819:---

ID 820: I love our street we live on but when I go for runs I see a lot of springville that is pretty rundown and ghetto feeling. People need more upkeep on houses and crap in their yards

ID 821: Enforce noise ordinances and amount of people/ cars living at one home.

ID 822: Traffic is a huge issue and crime

ID 823:---

ID 824: Reduce taxes. Stop going into debt and raising taxes for things like the rec center,

ID 825: Better places to shop for clothing that are not sports ware or teen styles

ID 826: Enforce people to pick up thier dog's mess, particular problem in my neighborhood. I see dog mess in the parks quite a lot.

ID 827:---

ID 828: More women on the city council.

ID 829: More speed enforcement in neighborhoods. People can get aggressive and they often ignore stop signs in my neighborhood

ID 830: Bring more restaurants to the city, clean up weeds and the appearance of neighborhoods, build more affordable housing, and get rid of the trains and the smell of the sewer plant.

ID 831: More shopping and restaurants

ID 832: Plan new development carefully

ID 833: Better police training.

ID 834: Clean

ID 835: Better traffic flow around the Walmart exit all the way to main street turning into Mapleton. Taking care of abandoned buildings by putting them to use. Like Allen's grocery store, the old fire station, etc. Adding a dog park. Our neighbors use trash and old appliances as yard decorations and I think it brings down the overall appearance of the neighborhood. So better trash and weed regulations in neighborhoods especially the houses around reams grocery store.

ID 836: I would like to see more business attracted to the outskirts of the city.

ID 837: Traffic heading to Mapleton from Springville is a problem. I would also appreciate the lights along Main Street and 4th south to be synced to improve traffic flow. Springville is very poor with shopping options. Spanish Fork has complexes with various restaurants and businesses that provide revenue for their city. Springville needs to do the same so that we can benefit from the tax revenue, and not continually increase taxes on the private residences. Currently a majority of our recreation money goes to Spanish Fork or Provo. I would prefer to spend that money in my own city, and benefit from the tax revenue. Some examples would be a movie theater, indoor batting cages, a restaurant complex. Please no more auto-parts stores, pizza restaurants, or dance companies!!

ID 838: ---

ID 839: Make downtown even more of a historic hub with places for families to walk around with shops/restaurants/events so that there are more options for doing something in Springville instead of going to another town.

ID 840: Educate law enforcement on how to do their jobs properly and on the laws.

ID 841: More dining options, more variety, more retail stores. Cheaper city bills, good paying job opportunities.

ID 842: ---

ID 843: Improve traffic flow

ID 844: More shopping/eating options and activities!!!!

ID 845: More dining options

ID 846: Try to get more affordable housing with public transportation options nearby - and somehow making sure that the affordable housing is there to help people get a leg up and move on to bigger and better, instead of just being a place to crash

ID 847:---

ID 848:---

ID 849:---

ID 850:---

ID 851: We live South of Smiths and it is the general belief that most of the money spent on beautification, parks and other neighborhood improvements are spent on the east bench area. While we have the Rec center close by, there is poor access to parks in our area without having to drive or operate a bike on a major road without sidewalk. Also, the water pressure where we live is awful; so much so, that we've have contemplated moving.

ID 852:---

ID 853: Less congestion

ID 854:---

ID 855: Affordable housing.

ID 856: Encourage growth on Main St

ID 857: Reduce traffic speed

ID 858: reduce congested housing building for traffic and other density issues. pave ALL the roads and attend to street safety issues. our children need to be able to move around the city too... not just cars

ID 859:---

ID 860: Put in a dog park. Currently I go to Spanish Fork almost everyday, but it would be so much nicer if it was here in town.

ID 861: Allow business, large and small, to come in to Springville. We want variety!

ID 862: Allen's parking lot, cleaning out illegal drug use,

ID 863:---

ID 864: Better public transit, better options for low income family housing

ID 865: Sera bien que en nuestro vecindario tuviéramos contenedores de basura grandes para tirar basura grande

ID 866: Get rid of the gross druggy people, make main Street a nicer place specifically the old allens. Most of main Street is an eye sore

ID 867: Not cram in high density housing and retail spots with little/minimum parking. Plan for adequate parking!!

ID 868: Make the main Street crossings safer for bikers or people walking. On 400 s and main street I have seen many people almost get hit by cars turning and not paying attention. My kids have been almost hit by cars crossing main street when they have had the green

walk light at crossings by Maglebys (near where they work).The problem comes down to all the traffic that backs up on main street.

ID 869: Reduce traffic!

ID 870: Revitalize the downtown area and attract more business to the west fields.

ID 871: Improve the traffic flow at 4th South and Main

ID 872: Extend front runner track with shopping options at station.

ID 873: Down town, especially by Allen's could definitely improve. More food options, we don't need 3 McDonald's, 2 Taco bells and 2 subways. More roundabouts. Center Street and 400 E would be great. Stop being so frugal with professional services. Low price is not always best value.

ID 874: Add better paying jobs and more recreation.

ID 875: Walkability and bike-ability seems to be fairly bad. Everyone has to fight their way up and down 400S during peak times to go to the boring big box stores. The traffic lane markings around the 400S / I-15 on-ramp are pretty confusing and congestion during peak times can be nasty. The traffic lights are pretty good, and protected left turn lanes help keep things going okay. I've also heard rumors we're adding another off ramp on 4800S, which seems like an atrocious idea that is just going to create worse traffic. I guess that ship has sailed though. Part of the walkability problem is that our city has an unfortunate number of warehouses and industrial areas in which sidewalk conditions are not prioritized. For example, look at the crummy state of Spanish Fork Main St. Just go west of I-15 and you'll see lots of potential for developing well thought out neighborhoods, but instead we're zoning in as many warehouses as we can, which are not going to be easy to get rid of and are jarring when built next to medium density housing. I don't know who was on the zoning commission that thought building a big industrial complex next to the place where people are living was a good idea, but they need to get a talking to. Would it be possible to build some sort of pedestrian bridge over I-15 to get to the stores? And maybe a park west of I-15 as well? It feels like with hotels and apartments, the area has potential for a lot foot traffic, but the hostile nature of having to get over an interstate is causing issues out west.

ID 876: improving the crossing over or onto Hwy 9 from 400 e near Everygreen Cemetary

ID 877: improving the intersection of Evergreen Road and Main Street

ID 878: Improving & widening Evergreen Road"

ID 879: Anything to provide opportunities for young people to live and work here.

ID 880: Springville has a stigma about being a 'drug community' and a little less safe than it's neighbors. I wish we could create a campaign that sets the record straight that this is a safe community for all. Also, the recreation center was a HUGE miss in its development. When compared to the two closest rec centers [Provo and Orem] ours is lacking. The layout is poor, it is focused all around the pool, and it is not built for more than a few people to be in at a time. The rec center needs a major improvement in spacing, gym

layout, and equipment offered. We could take notes from our neighbors and improve that center to be a proper rec center. Otherwise I have to keep a separate membership at Vasa in Spanish fork because it offers all of the fitness equipment I need. Also, it has a proper locker room that is spacious and allows for more space when getting ready in the morning. Finally, it has a sauna and steam room like the other rec centers. I feel that place could use a major overhaul even though it is newer. Definitely somewhere I could see us placing funding to improve it. Not turn into provo with crazy traffic and silly rules. Stop building high rise low income housing. It creates traffic and crime.

ID 881: Use the profits from the golf course to improve the golf course. It is a gem that has fallen into disrepair because the funds are spent elsewhere. And that doesn't count the new sprinkler system. There are several eyesores at the golf course that need to be removed and the pro shop doesn't have the manpower to remove because of budget concerns. Yet the course is making money where other courses are not.

ID 882: Reducir el tráfico

ID 883: Although I don't want to be a Spanish fork clone, I'd really like to see changes to our requirements on businesses so we can land more here and spend more of my money in Springville to contribute to our tax base here.

ID 884: provide more shopping and different restaurant opportunities. It is difficult to predict long term group. Financial incentives can work but goes against the supply and demand concept. I think it is better to eliminate the burdens of starting a new business in Springville, Streamline the process, keep taxes reasonable, make getting new permits quick and easy. Be known as a business friendly city. "

ID 885: Keep housing low density!!!!!!

ID 886: "Hacer más recreación para adolescentes y adultos. Cómo : cine , pista de patinaje , boliche etc "

ID 887: More places to shop/eat and fiber Internet on our street.

ID 888: More parks

ID 889: May seem minor, but improving sidewalks. I am surprised by the prevalence of streets/neighborhoods without sidewalks. This affects appearance, safety especially for our kids, accessibility for the disabled, and snow removal. Instead there is weeds, rocks, pot holes, etc. Would love for efforts to be made to "catch up" in neighborhoods where there wasn't a code or a developer who prioritized sidewalks.

ID 890: Better side walks, having kids in a stroller and wanting to run it is impossible to avoid having to run on the road because half the sidewalks don't have a gradient or pedestrian curb on the corners to allow for easy passing between streets. Also it is also extremely hard to not get a flat tire because of all the thorny weeds that are not taken care of.

ID 891: Make an exit for Mapleton residents.

ID 892: Slow down the taking every square inch for growth. It is ridiculous how fast it has grown without planning for the horrible traffic and congestion that is constant now. One very

specific change that needs to change: public transport! We live in a city with beautiful buildings but we cant put in real bus stops with benches and covers?! Have a contest for these artists here, pick a design and use it! These people that have to stand in the elements waiting for a bus would appreciate it and it would make Springville look better. And tell the snow plows to pay attention to bus stops dont pile snow there! By my house it never fails that they pile the snow up and someone in a wheelchair or with a walker had to stand in the road waiting for the bus because they make snow mountain out of the sidewalk. Do better!

ID 893: Pedestrian safety! I cannot stress this enough. I walk everywhere and the kids in my neighborhood walk to school and the library. My neighborhood is by the post office. The amount of times I've almost been hit or watched someone else almost be hit by a car is ridiculous. The drivers do not watch for pedestrians at all. We need reflective paint on crosswalks and we need more crosswalk lights, like the ones on main street between the library and city building. Even with the school crossing guards, I've seen cars disregard all the crosswalk laws and fly through the intersection.

ID 894: Lower the age of the child watch at the Rec center to 6 months

ID 895:---

ID 896: Preserve the friendly and inviting atmosphere.

ID 897: The amount of speeding through our neighborhoods, Center street has a speed limit of 30 mph and most cars go 20 miles per fasters. I think only having a very slim choice for a hamburger close is sad. we have 2 Mcdonalds and a wendy,s but nothing else for burgers.

ID 898:---

ID 899: Improve and embrace the downtown, get businesses in that can bring it back to life. Improve and restore old buildings, embrace the art community and make it more of 'Art City'!!!!

ID 900: Better community traditions that bond us together, cleanliness of neighborhoods, fixing traffic on 400 south.

ID 901: Make utilities cheaper and put a bus route that reaches to Smith's.

ID 902: Get a movie theater and a few more restaurants

ID 903: The older parts of Springville have many parks but the newer developments behind Smiths have almost no access to city parks close by. More parks in the area would be nice.

ID 904: Less apartments and more single family homes. Help small businesses thrive downtown.

ID 905: Expand community park

ID 906: I think more focus on building the west side of town into an attractive commercial destination that stops lossing out to every business choosing Spanish fork. Also a big recreational attraction to that part of town would be very beneficial.

ID 907: Not put high density housing right in the middle of single family developments

ID 908: Keep it a small town

ID 909: ---

ID 910: Access to more open land for affordable prices.

ID 911: Put a speed bump on our street at 1150 N. The speeding is insane up and down our street and there are so many young kids who are always outside and nearly get hit.

ID 912: Less traffic. It is way out of control. I think the apartment complex development in Allen's parking lot will be a big mistake. We already have far too much traffic. If there is an emergency, there would be no way to get out.

ID 913: Bring in more business and restaurants instead of Banks and Credit Unions

ID 914: Connect all the partial bike and pedestrian trails.

ID 915: Enforce same rules for City and School district as for everyone else. Inadequate parking at School District Soccer Field, and no handicap parking. Inadequate parking for new bike park.

ID 916: Traffic off the freeway. Man. Be more deliberate with the housing growth!

ID 917: For being called Art City, a lot of the city is pretty drab. Driving through it I wouldn't guess it was Art City. More could be done to incorporate art into every area of the city.

ID 918: Safety and involvement

ID 919: Become involved

ID 920: ---

ID 921: UNLEASHED DOGS ON THE STREETS AND ON YARDS OF SCHOOLS ARE A HUGE PROBLEM. I can't walk my small dog because I live behind Art City Elementary and people walk their dogs unleashed on the streets and use the back of the school grounds as a dog park, unleash their dogs and let them roam. Myself, my husband and my small dog have been attacked by a loose dogs while on a walk and also in the school yard. Bigger dogs will attack my small dog and I can no longer take her for walks. There is no animal control presence and I've complained for years about this to no avail. I'm considering moving out of Springville next year because of it.

ID 922: Improved landscaping, especially around freeway ramps. More shopping and restaurant options.

ID 923: --

ID 924: Parks

ID 925: Reduce property/school taxes for seniors with no school age residents.

ID 926: More representation and attention given to West Springville. It's embarrassing that the "green space" for our community is a strip of grass under power lines next to a busy road. The "trails" (dry creek and hobble creek) are completely ignored, and unsavory.

The decision to build a high density housing unit across the street from an elementary school is asinine. Spanish Fork has beautiful parks and trails and Springville needs to step it up and use the tax dollars being paid by those of us on the west side to properly build infrastructure to handle the growth on the west side.

ID 927: Stay small

ID 928: ---

ID 929: We are pretty happy with everything!

ID 930: Run the City Government like a business. I see way too many new City vehicles and fancy new City buildings. I see City Employees get preferred service from City Employees. Some City Workers need attitude adjustments.

ID 931: Better restaurants.

ID 932: Become more business friendly. Let more come in instead of making it hard to set up new businesses here.

ID 933: ---

ID 934: Build a internet tower to support the Hunters valley area!

ID 935: Reduce juvenile drug use

ID 936: Improve traffic management

ID 937: ---

ID 938: The downtown is not good. It's not walkable, people speed EVERYWHERE. The parks could also use some updating. I like that there are a lot of them, but they're not very different from each other.

ID 939: I think a more attractive downtown area - right now many of the businesses located there do not provide the type of environment where you would want to go, eat, shop and hang out. Also, I think the congestion between Main Street and i-15 on 400 South leaves much to be desired. I think we should have a strategic plan to manage the growth of the city. The last thing I want to have happen is that the we grow so fast but don't have the infrastructure to support it (Spanish Fork).

ID 940: Better sidewalks, walking paths, bike paths

ID 941: Pave the road on 250 north between 1275 west and 1200 west. PLEASE! More retail businesses to bring in money for city services.

ID 942: We have nothing for teens to do, as far as, movies, bowling etc. Our parks are not well maintained!!! We would rather go to Spanish Fork for parks and food!!!!

ID 943: Improve traffic flow on 400 S

ID 944: Reduce traffic on 400 N will be the popular choice... but by adding both retail and unique eating businesses in Springville would help. Everyone driving to Spanish Fork for both.

- ID 945: Stop the high density construction, if there is to be new development make it so its in line with the feel of Springville, open and larger lots. High density brings down the quality of the city.
- ID 946: Now that there are no longer newspapers and not everyone uses social media, try to figure out how be more inclusive to everyone with information and city interest.
- ID 947: Lower the housing cost to provide hope and a futures for the young generation.
- ID 948: Invest more in public art education, community education opportunities, and things for everyone recreationally to do other than sports and hiking.
- ID 949: Encourage more single family, detached housing. Have a backbone against developers. Listen to the citizens of Springville who overwhelmingly oppose high density housing (and mixed use sardine living).
- ID 950: Keep out Illegal Aliens. DO NOT take any refugees from the Middle East, especially Palestinian refugees.
- ID 951: More retail or restaurants.
- ID 952: Improvement of Parks and Recreation opportunities
- ID 953: Bring more shopping choices-Trader Joes, dollar tree,
- ID 954: I wish there were more entertainment options for youth. There is no place in the city for teenagers to go for a night of fun.
- ID 955: Springville suffers from a lack of walkability. I would love to see Springville manage its land better by developing higher density housing/commercial properties and preventing excessive suburban sprawl. Other cities in America are beginning to allow for mixed use development of property. I think that the quality of life in Springville would improve drastically if we were to do the same.
- ID 956: Renovate Main Street, by bringing in more businesses
- ID 957: Just one? Don't allow builders to build on such small lots, fix the smell coming from the sewage plant, mosquito control, don't expand the wear house section, lower property taxes, create an amphitheater or some draw to come here. Everything we do is in another city, everything except sleep.
- ID 958: More opportunities to see performing arts
- ID 959: ---
- ID 960: Water quality - tap water too hard to drink.
- ID 961: ---
- ID 962: More walking paths/bike trails
- ID 963: ---
- ID 964: Nothing, everything is awesome

- ID 965: There aren't enough sidewalks, it's difficult to walk to the park from my neighborhood because of that. Specifically on 400 N at the top of the hill there is no sidewalk. It's dangerous for kids who walk to art city elementary, and makes it difficult to get to any of the parks nearby.
- ID 966: Consider traffic impact before allowing developers to "do their thing"
- ID 967: ---
- ID 968: Fix up empty lot at 400s and main(Old Allens block) eye sore and waste of great space.
- ID 969: It would be nice to have a wider variety of stores and places to eat. Most of the places we go ends up taking us to Spanish Fork.
- ID 970: Get real about police reform. Increase training hour requirements, include mental health training and social services training, pay police a minimum living wage so they aren't overworked and worried about finances, demilitarize them and stop spending money on expensive vehicles and guns. Police reform. Be the example to the rest of Utah.
- ID 971: ---
- ID 972: Enforce the weeds and yards looking more maintained.
- ID 973: Fix the traffic problems in some neighborhoods - our street, is used as an option for Hwy 89 and even funerals. The amount of traffic is appalling and the speeds that they are driving are intense, especially for a residential community!!
- ID 974: Prepare for increased urbanization and residents, bring Front Runner to city, quality affordable housing
- ID 975: I feel that Springville could do more to bring in new businesses to the city. We have 3 McDonald's within city limits for some reason that I can't even fathom when larger cities have less than we do. There are many areas that could have small strip malls in them that would be well suited for a couple places to eat or small stores in them. The north side of the Springville especially need some sort of shopping and new places to eat.
- ID 976: Improve traffic
- ID 977: Less high density housing
- ID 978: ---
- ID 979: Easier for elderly with no vehicle get around town without using Uber.
- ID 980: ---
- ID 981: I think they're doing a great job
- ID 982: ---
- ID 983: The restaurants here are grossly inadequate
- ID 984: Springville's fire protection services are laughable at best. A city the size of Springville should NOT be under the umbrella of "Public Safety." This greatly hampers the "Fire

Chief" as a puppet head under the police department. Based on the city size and call volume it's time for the fire department to have its own head of department.

ID 985: Spend more time slowing traffic speeds down

ID 986: Traffic from the freeway to main street gets pretty heavy due to Mapleton residents getting to their homes. It would be nice if we could somehow reduce the traffic.

ID 987: Get rid of the deer!

ID 988: Reduce multi family housing projects

ID 989: Lower taxes. I am on a fixed income. I cannot pay more taxes. I was surprised how much my taxes increased when I moved to Springville.

ID 990: ---

ID 991: Less traffic

ID 992: Better snow removal in neighborhoods.

ID 993: Improvement on emergency services within the city especially Fire and medical response, Knowledge, and skill of the fire department. "

ID 994: The traffic situation—400 South is crazy during rush hour.

ID 995: I would love to see the Allen's store area on main street developed.

ID 996: Center Street Train Crossing and curbs on east side of train tracks. The train is very loud and they seem to blow their horn more frequently than seems necessary.

ID 997: to have more shopping and recreational places.

ID 998: Traffic is an issue, growth is also. Some new restaurants would be nice. Especially if they are not more McDonalds, taco Bell or more pizza. We have too many of those! I find myself going to Spanish fork often to get food.

ID 999: Day by day water and electricity usage data

ID 1000: More neighborhood parks

ID 1001: More parks with trees and playgrounds in the west fields

ID 1002: Create more business opportunities. More entertainment places.

ID 1003: No more high density housing

ID 1004: mandate driver awareness of 1) nearby non-motor vehicle paths and crossings 2) that a STOP sign is not a Yield sign 3) be aware that loud vehicles damage the hearing of pedestrians and bicyclists and pollute the air which all must breathe. Teach all to give everyone else the benefit of the doubt as often as is required. Raise City employees' awareness of "invisible disabilities" such as brain injury and its effects on a person's thoughts and/or actions, which can seem offensive when the person is trying to be INoffensive.

- ID 1005: Restrict new economic/business development, keep Springville peaceful and quiet.
- ID 1006: Road structure to help with mapleton traffic and homeless problem by the flying J and Walmart
- ID 1007: Lower taxes and stop wasting money on any groups that do not support marriage between men and women or push left wing agendas
- ID 1008: more retail-food options revitalize support downtown
- ID 1009: ---
- ID 1010: More retail shopping in the City and modernize downtown Springville. We shop away from Springville. Too much doing what the old residents of the City want, not enough doing what newer residents want.
- ID 1011: Focus on developing the city to prepare for the growth that's coming rather than getting people in first and worrying about traffic, schools, etc. problems afterward.
- ID 1012: More parks/trails
- ID 1013: ---
- ID 1014: More bike paths
- ID 1015: Fix the dirt road connecting to our neighborhood. All the kid-friendly activities
- ID 1016: Fix the traffic issues
- ID 1017: Make home, food, and gas pricing more affordable.
- ID 1018: I came from Highland and I like the focus the city had in planting trees thru out the community. In the fall they would sell trees at cost to encourage people to plant more trees. I also would like to see green waste containers to be part of the pick up with sanitation. I would willingly pay for that service. I don't own a truck therefore yard waste goes into my trash.
- ID 1019: Clean up Springville Main Street north of the library. It looks like a ghost town. Would love more restaurants, shopping, small businesses, parks, etc. I go to Spanish Fork for almost all my shopping needs. Would love that here.
- ID 1020: Focus on maintenance and budget for those things. Developers will always come and build new, the city should focus on maintenance
- ID 1021: There is too much traffic through residential neighborhoods and there aren't sidewalks where they need to be. It doesn't feel safe for my kids to walk to school without risk of being hit by a vehicle.
- ID 1022: Improve the look of downtown, invite more diversity in business to Main Street and other areas
- ID 1023: Build out downtown as a place people want to go to

- ID 1024: More diverse restaurants, adding another exit from the freeway to help with traffic, and building another high school. There are a lot of kids!!
- ID 1025: More small businesses/interesting destinations downtown.
- ID 1026: Bring businesses here. We feel like we have to leave Springville to do everything. Very few food options, very few shopping options, very few medical options. It sits right between two large cities and we can grow our economy here.
- ID 1027: It's a pretty great place to live
- ID 1028: Control the traffic
- ID 1029: ---
- ID 1030: ---
- ID 1031: Currently, the traffic situation on many roads, including 400 S, Main Street coming in from Mapleton, 1200 W---especially the speed of the traffic.
- ID 1032: ---
- ID 1033: ---
- ID 1034: ---
- ID 1035: I have submitted requests for safety issues and problems with little response and what response I did get was passive and condescending so I no longer have faith in Springvilles current elected officials.
- ID 1036: Three things: Better street lighting for safety. Remove the ineffectual circle on Canyon and just put in a stop light. Make the intersection at 400 E Center into a large traffic circle to improve flow.
- ID 1037: Improving traffic flow on Main Street and 400S
- ID 1038: Cleaning up old buildings and neighborhoods
- ID 1039: More dining and shopping choices
- ID 1040: Speeding in our neighborhood drives me insane.
- ID 1041: "It would be good to make an exit for Mapleton residents so they don't have to take 400 south. You are doing a great job! Thank you."
- ID 1042: Springville City is not supportive of people who want to reduce their carbon footprint. I've had solar panels for years, and they find ways to cancel out my accumulation of energy--sell it to other customers--and hit me for more energy costs. I positively hate that. That will be the one factor that will make me consider leaving Springville when I retire. <end of rant>
- ID 1043: Less congestion. The friggin traffic is absurd and then the city approves a bunch of high density housing in already congested areas - not so smart.
- ID 1044: Bring food and entertainment here. We travel to all the other cities around us to eat, shop and entertainment. There is absolutely nothing to do here if you are not lds.

Please bring more diverse things to do for people of all ages. We have no theater, arcade, bowling alley, shopping center to bring people in. All our money is spent in other cities allowing them to bring more people in while Springville just stays in the 70s doing nothing but art.

- ID 1045: Enforce restrictions on illegal motorcycles, non-street legal vehicles, ATVs, electric bikes, and parking rules.
- ID 1046: Free internet
- ID 1047: Stop arbitrarily defining the codes and specific words in the codes to mean whatever they want them to mean instead of what the actual definition of those words are.
- ID 1048: There are no public parks within easy walking distance of my neighborhood, but over 100 kids live on my street (Shavey Lane). When we do take our kids to a park, we go to Orem or Spanish Fork because those cities have amazing parks. Our splash pad is nice, but it's only open on the summer. I would really appreciate a park with modern equipment near our neighborhood.
- ID 1049: More transparency within the local government (Mayor, City Council) to prevent conflicts of interest.
- ID 1050: more roundabouts to handle traffic
- ID 1051: Put more parks or closer park to the Brookline Condos. It's mainly a warehouse district but we need a park that is close and available so those moms who work from home have a safe place to take their kids.
- ID 1052: More townhome development s
- ID 1053: More biking paths and access to mountain biking
- ID 1054: Start enforcing traffic laws again. Running stop signs and other "minor" infractions are out of control.
- ID 1055: The quality of youth recreation sports and outdoor sports facilities are severely lacking compared to our neighboring cities. More Bike trails for the west fields. Finish developing community park so it can generate revenue for the city. More dining establishments to help increase revenue for the PAR tax."
- ID 1056: Controlar crimen y drogas
- ID 1057: Improve traffic congestion on main street & 400 south.
- ID 1058: Google Fiber Internet
- ID 1059: Increase walkability
- ID 1060: ---
- ID 1061: ---
- ID 1062: More recreational options

- ID 1063: Tener más opciones de esparcimiento (comida, tiendas y parques) en días domingos
- ID 1064: Not sure
- ID 1065: I have only lived here a year, so I am not really sure.
- ID 1066: ---
- ID 1067: Create a freeway interchange for Mapleton and improve traffic flow on 400 South
- ID 1068: Keep up good work
- ID 1069: Allow hugely popular restaurants such as Chick-fil-A , In-N-Out to build in Springville. Solicit them. Not more coffee places. There is a severe lack of places to eat. Also, add curbs , gutters and sidewalks to neighborhoods without them and widen the streets where the creek bridges are narrowed down to nearly one lane
- ID 1070: I think just trying to find things that can be improved that would benefit the majority of the community would be great. I think giving people more opportunities for people to find additional spaces for people to connect.
- ID 1071: A more vibrant downtown.
- ID 1072: Better sidewalks, bike paths, and bus access.
- ID 1073: ---
- ID 1074: Do everything possible to keep the city from growing any larger than it is now. Springville used to be a nice small town. Well-meaning but misguided people have ruined it by allowing and encouraging it to become a much too large city.
- ID 1075: ---
- ID 1076: More places to go on a Friday night
- ID 1077: I think with the size the city is we should have a larger staff of police and fire I know they just went to full time personnel on the fire side but it's not enough for the size and amount of calls that are being run out of one station and one ambulance. I know the second ambulance is jump staffed between an engine depending on the call. We need staffed engine and two ambulances at this point.
- ID 1078: ---
- ID 1079: More options for the performing arts
- ID 1080: Enforce speed limits in neighborhoods.
- ID 1081: work on developing 400 south and Main where Allens use to be. and develop that into some nice shops up scale condo's and create it as if were a park like feel.
- ID 1082: ---
- ID 1083: Traffic on 400 South can be extremely busy. Especially heading to and from the freeway entrance. It would be nice if that congestion could be reduced.

- ID 1084: improve transportation without supporting UDOTs plans to construct a road through my subdivision so Mapleton residents can get to their homes faster.
- ID 1085: More shopping opportunities/jobs
- ID 1086: Make housing more affordable
- ID 1087: ---
- ID 1088: LESS DEVELOPMENT BY CORRUPT Ciry COUNCIL WHO INW THE BUSINESSES DOING THE DEVELOPMENT
- ID 1089: ---
- ID 1090: I would love to see more unique businesses and restaurants. I dislike when cities just have all the same chain restaurants (Cafe Rio, McDonalds, Crumble...etc) I would love more upscale businesses like Harmon's, Target, boutiques...etc. Also, I said the street lighting is extremely poor in my neighborhood because, two years ago a new street light was put in across the street and it lights up the interior my entire house, even with the shades closed. It's super annoying!
- ID 1091: ---
- ID 1092: I think downtown needs to be improved with more shops, eateries, and local businesses.
- ID 1093: ---
- ID 1094: ---
- ID 1095: Reduce taxes and utility costs
- ID 1096: ---
- ID 1097: ---
- ID 1098: ---
- ID 1099: Traffic control
- ID 1100: ---
- ID 1101: Not aure
- ID 1102: more bike lanes
- ID 1103: More walking paths and street lighting in neighborhoods
- ID 1104: A couple more grocery stores. More clothing stores. More recreational opportunities and services for senior adults--home healthcare, daycare for dementia patients.
- ID 1105: Bring in more restaurants, food options
- ID 1106: ---
- ID 1107: Attract businesses for more shopping and dining choices.

- ID 1108: Add additional restraunts and shopping business.
- ID 1109: ---
- ID 1110: ---
- ID 1111: Bike/walking paths that allow us to safely avoid major intersections. I cannot walk or hike without running into traffic. So instead I often go to Spanish Fork because of their excellent biking paths that are safe and go for miles.
- ID 1112: Here are some one things that could absolutely make Springville a better place to live: Reduce sewer, garbage, water, power fees/rates & taxes. Bring a Winco store to town. Try to increase the ratio of English-speaking legal American residents. Provide nice new affordable decent size housing in well planned areas with wide streets and good traffic flow. Add additional clean safe walking / bike paths that connect the entire city limits in a single continuous flow, reaching the key parks & attractions. Any improvement with Trains - I'm not a fan of loud trains (day or night), frequent or long trains (when I get stopped at crossings), but if trains pay Springville to come through, then hopefully that lowers our taxes. Clean debris from roads faster - I've had 3 punctured tires, all in Springville city limits, in the last 3 years (2 near or along 1400 N, & 1 along 1600 S). Consider a smoother surface for 900 N (currently rock-chip that wears down easily). Help support more competition for high-speed internet to help reduce prices & offer choice. Provide free home water pressure diagnosis & correction, where needed. Consider a TV repeater tower on our mountain, since Springville is really bad with free TV reception, causing many to pay extra for satellite services. Allow a truly anonymous tip line for City concerns such as: noise violations, graffiti, vandalism, dead wildlife, witnessed drug deals, etc."
- ID 1113: Over attractiveness of the city. Some neighborhoods are very unpleasant and disappointing to drive through because of owners lack of care of their property, broken down cars on street, cars/trailers parked on lawn, trash and junk all around the house, houses that are falling apart. Appearance goes a long way and attracts people who want to live in the area and who are willing to put in the effort to take care of their house and ultimately the community as a whole. It's discouraging to put in effort and money to take care of our house while plenty of others in the city don't. I don't want to provide more housing for people who won't take care of their property. Also, downtown could also be included and making greater efforts to beautify and clean it so that it is appealing and attractive to the people we want to live here, people who are responsible and hard working.
- ID 1114: ---
- ID 1115: Have better places to hold performing arts events indoors that have good lighting and sound systems and is affordable. Maybe a black box theater.
- ID 1116: ---
- ID 1117: ---

- ID 1118: Mas escuelas y recreations gratuitas para jovenes, para ancianos.Mas actividades creativas gratuitas.Un jardin comunitario .
- ID 1119: Two things: Don't go "woke" in the Planning Dept. Replace the Allen Grocery Store with a strip mall.
- ID 1120: ---
- ID 1121: Bike and pedestrian trails, traffic control, NO MORE USED CAR LOTS OR BANKS/ CREDIT UNIONS OR FAST FOOD
- ID 1122: Improve downtown
- ID 1123: Seeing a lot of development, for housing and commercial. That is making things crowded. Not sure why so much zoning for warehouses on west side of I-15 but let's blame some of the crowding on Spanish Fork overdevelopment.
- ID 1124: More shopping and food choices
- ID 1125: Traffic management, more interest from city council to build parks and biking paths in new neighborhoods.
- ID 1126: ---
- ID 1127: ---
- ID 1128: ---
- ID 1129: too many tall weeds. So many that when your at a stop sign you can not see if cars are coming or not.
- ID 1130: A 3 freeway exit to elevate traffic on 4th south and main.
- ID 1131: Big stores like target Cabela's
- ID 1132: ---
- ID 1133: TENNIS COURTS!!
- ID 1134: ---
- ID 1135: More police presence
- ID 1136: Bigger outdoor pool at the Clyde rec center and more pickleball opportunities
- ID 1137: ---
- ID 1138: ---
- ID 1139: Open another freeway entrance so 400 S isn't as congested. Promote more opportunities for people to get to know each other better and develop relationships and stronger sense of community.
- ID 1140: We need to do something with the Allen's block on Main Street. How is it that the busiest city block and intersection is such an eye sore. Please, whatever the city plan is, let's move forward ASAP. That is about the only disappointment I have in Springville

is how hard the city council and others have made it for investors to improve such a public, defining, and visible space be 30 years behind.

- ID 1141: Improve traffic, maintain parks better
- ID 1142: ---
- ID 1143: Have more recreational opportunities
- ID 1144: Fix the traffic and plan for growth better. Also fix the sports complexes!!! They are horrible and dangerous for kids to play on at time (weeds with thorns in grass and dirt, compact dirt with rocks, etc)
- ID 1145: If Springville was more walkable it would be a better place to live. Currently, in my area, I often find myself having to walk on the road or through brambles which can be dangerous, especially when I am outdoors with my family. It would be great if the city could ensure that all neighborhoods have crosswalks that link up or point toward one another. In my neighborhood, all the crosswalks point toward the road's intersection, leading to confusion and endangerment for children. Lastly, I would appreciate it if sidewalks in new neighborhoods were connected more efficiently, as there are sections that lead to nowhere, making it difficult to walk around.
- ID 1146: Bring activities for the teenagers not just sports but activity like a bowling... Also stop building houses and high up businesses... it just increases pollution!!
- ID 1147: I worry about safety a lot, so I think reducing crime & drugs and increasing funding for police & fire/ems.
- ID 1148: Check a few of the Longer traffic signals and adjust...
- ID 1149: Encourage more small businesses as opposed to large chains.
- ID 1150: ---
- ID 1151: More police. I have a few vandalism in my property and the police didn't do anything. I see a police every 3 or 4 days. Cars speed here a lot. I don't see any cops stopping them. Center street and 1275 w we don't have a park, a lot of weeds in front of my property. The city don't come to cut them often!
- ID 1152: ---
- ID 1153: Add a walking trail to memorial park, Alan Curtis Park. Add a decent dog park, more affordable housing, Frontrunner station needed, manage growth to coordinate with water, utilities, and traffic flow. Need more Senior focused amenities and supports. The youth need more activities outside of sports. Like Game Centers, climbing, more or better promotion of arts and music events to encourage creativity.
- ID 1154: ---
- ID 1155: ---
- ID 1156: ---
- ID 1157: Help olive and fire

- ID 1158: ---
- ID 1159: im[rove yjr traafic flow
- ID 1160: ---
- ID 1161: I would love to see more advertisement and support of small local businesses!
- ID 1162: Input from residents on what's being developed around their neighborhoods.
The Westfields development is a perfect example of that gone wrong. We had no idea of public hearings in the early stages of the planning, and then next we now, it gets approved. Once the public hearings on the development were broadcasted better, we had better representations and those meetings, and were able to voice our concerns of changes the developer wanted to make. Keep citizens in the know!
- ID 1163: More restaurants. My husband and I got to SF more often than not to go out to eat for a date.
- ID 1164: They could fix the sidewalk in front of my house. I've asked a few times over the years and they haven't been responsive.
- ID 1165: As a single woman I think I fear crime the most, so just keep making this place safer!
- ID 1166: ---
- ID 1167: Improve the existing parks.
- ID 1168: Have more activities for kids
- ID 1169: ---
- ID 1170: Share the results of this survey with residents. I suspect a great many people will be surprised by the variation in responses.
- ID 1171: "Reduce empty storefronts Downtown and attract more businesses to help improve schools "
- ID 1172: ---
- ID 1173: Slow down urban crawl. Less housing. Less apartment.
- ID 1174: bring in more businesses
- ID 1175: More options for quality restaurants and shopping
- ID 1176: Stop residential expansion and focus on commercial and industrial expansion to create more jobs and revenue within the city.
- ID 1177: ---
- ID 1178: ---
- ID 1179: Stop all the high-rise developments/housing. Better options for restaurants.
- ID 1180: ---

- ID 1181: Better park upkeep. More benches and pavilions.
- ID 1182: ---
- ID 1183: Get the development of the old Allen's store underway
- ID 1184: Finish the parks and sidewalks
- ID 1185: Tragic, more restaurants, more cultural activities shops
- ID 1186: ---
- ID 1187: Consider peoples lives, city seems to think everyone should have walking, shopping, parks, etc and sacrifice the majority of the lifestyles of the citizens for the few that are loud, bike paths are not used as much as roads and although we want to encourage healthy lifestyles many are just fighting to raise their families and get the kids to soccer practice
- ID 1188: Be smart about how we grow. New housing near I-15 should be moderate high density with good access to public transportation. We should be careful about what new businesses we want to attract. More quick service restaurants and banks will only get us so far. Businesses that provide things to do and encourage people to socialize would be nice. Continued expansion of trails and outdoor activities.
- ID 1189: ---
- ID 1190: ---
- ID 1191: Do not allow high density housing on Main Street, especially the Allen's block.
- ID 1192: Traffic flow, street improvement
- ID 1193: Somehow reduce the number of power outages. Although they have been relatively short in duration, or more just power blips, they are kinda obnoxious.
- ID 1194: Tame traffic! Prioritize the safety and comfort of people walk and bicycling over the speed and convenience of people driving. Lower speed limits. Install traffic calming. Improve crosswalks. Build bike lanes and paths. Narrow the vehicle lanes. Focus on reducing vehicle miles traveled and make it safer for families to walk and ride.
- ID 1195: Reduce crime and drug use in areas like apartment buildings downtown. Second, remove the homeless people near Community Park.
- ID 1196: More restaurants/fast food and shopping options. Less banks.
- ID 1197: ---
- ID 1198: More shopping, relieve traffic.
- ID 1199: Less of those weeds that pop bike tires. I'd ride my bike more if I felt safer on the main roads.
- ID 1200: Our neighborhood constantly smells like poop from the water treatment facility. It's gross and frustrating.
- ID 1201: Realistically and easiest maybe clean up streets of weeds and trash by freeway.

- ID 1202: Many houses need to clean up their properties.
- ID 1203: Have the city ordinances be more flexible and willing to accommodate small business owners.
- ID 1204: Traffic- noisy trucks and small cars stopping and violations on roads
- ID 1205: Keep housing density down.
- ID 1206: Improve roads, bike paths
- ID 1207: We absolutely need to invest in building a theatre for Springville Playhouse. I love the Rec Center, but we are ART City, right?! Let's support the arts a little more, please!
- ID 1208: Open spaces west of Main.
- ID 1209: Improve 400 S traffic- it's a nightmare.
- ID 1210: ---
- ID 1211: ---
- ID 1212: ---
- ID 1213: ---
- ID 1214: ---
- ID 1215: (Unintelligible)
- ID 1216: Careful and informed planning of land use, building, traffic flow, etc. as we grow.
- ID 1217: Attract unique or small businesses in downtown. I hated seeing a THIRD McDonalds get built when we only have one local ethnic restaurant. I'd love to see more businesses like Lemon & Sage as well. A secondary one is walking/biking paths.
- ID 1218: North side of town weeds on sidewalk (unintelligible) overgrown gutter cleaned when entering Springville from North should look better. Saying put best foot forward.
- ID 1219: Build a community theater. Work with state, federal govt., donors, United Way, etc., to provide better transportation services for seniors who can no longer drive. Traffic SPEED on 900 South is INSANE. Volume, too.
- ID 1220: Make the Allens property visually attractive to the community.
- ID 1221: Please please PLEASE fix the rec center's app/website. It is completely unusable. Hire a decent developer to fix its bugs and allow me to book/view classes and see notifications. (Also the Dry Creek trail & Kelvin Grove Park have major issues)
- ID 1222: Encourage more businesses and community events for adults such as concerts and also bike and walking trails. Also I'd like to have more control of yards that have trash and tall grass.
- ID 1223: Stop with overdevelopment! Fix roads. Fix traffic. Better emergency services. Better city government. Better & cheaper city utilities.

- ID 1224: Make the pressurized P.I. system a little cleaner. I'm having to clean my filter once a week. It is very bad its bypassed my filter and clogged up my sprinklers. Not a good switch over now that I've seen what it is now.
- ID 1225: A family sit-down restaurant, nice hamburger place.
- ID 1226: Have more variety in dining/shopping. We primarily go to Spanish Fork for these.
- ID 1227: Decorate more on holidays. It draws people to our town. It looks like a fairy land.
- ID 1228: Decrease high density housing. Let better restaurants come to Springville. Why do they all go to Spanish Fork? Why did we get a THIRD McDonalds instead of a Chick Fil A!? We need family restaurants. No more coffee shops, car washed, or pizza shops. Keep the historical district zoned historical. Quit trying to change it so Wilford Clyde can build apartment complexes. Quit giving all the arts money to the Art Museum. Use some of it to provide a good place for the Springville Playhouse to have a permanent place to perform.
- ID 1229: Help to make traffic congestion more light on 400 South. Reduce the congestion around the city on some major intersections.
- ID 1230: Bring in better restaurants like steak houses or just better eateries, not too expensive. Make roads nice new asphalt paving with curb and gutter 300 S.
- ID 1231: We could really need new repaved roads instead of just fixing the cracks every few years, would be a big improvement for the city.
- ID 1232: Enforce policies on sidewalk access- homeowners trim your overhanging trees, bushes, & shrubs, don't park your vehicle across the sidewalk section of your driveway.
- ID 1233: Bus route not in areas most needed. Need additional pickleball courts in neighborhood parks. Enforce weed/junk control in neighborhoods.
- ID 1234: Probably affordable housing for the rising generation to establish themselves.
- ID 1235: I am very concerned about the danger of walking on paths. With the advent of E-bikes and scooters it is (unintelligible) on the walking on them. Young people especially speed on the paths. There should be posted speed limits (unintelligible) for the new high speed E bikes. I witnessed a young person in a high speed E bike going through the lawn at Hobble Creek Park. He made (unintelligible) in the lawn & then went whipping around the path by stream. Walkers shouldn't have to watch for speeding E bikes! All electric toys should stay on the road! High powered E bikes can go 40 mph!
- ID 1236: Monitor the parking of parking on the streets, travel trailers, horse trailers, trash in utility trailers, trash & weeds on private homes & lands. Removed @ responsibility of the owner.
- ID 1237: Take better care of Evergreen Cemetery. Clean up weeds on residents, and (unintelligible), lots traffic on 4th South and Main Street. Do something with property at 4th South and Main. Have a local newspaper.

- ID 1238: The quality of sidewalks in our road is not great. Often it is smoother to walk in the road. We have several strollers & wheelchair users in the area. In the winter they can't use the road & the sidewalks are too bumpy. The streetlights aren't very well maintained in our area as well. Our street is very dark at night. I also have concerns with overgrown trees & powerlines being knocked down- especially in winter.
- ID 1239: I would like to see no fees for recycling, both at facilities and residential bins at home.
- ID 1240: Sometimes the heavy traffic on 400 S. is a bit crazy. I am disturbed when I see homeless camps around but it seems to be not long lasting as they come and go.
- ID 1241: More mountain trails, street trees, parks & pavilions, community gathering place/rental, rename the high school- super lame name
- ID 1242: Better eating establishments
- ID 1243: More family activities. Cheaper access to rec center.
- ID 1244: Fix that streetlight that hasn't worked for 4-5 years on the corner of my street.
- ID 1245: We have new developments and the transition from old to new in our area is not good. Although the space for the transition is small and designated to be included with another connecting road in the future it has been 6 years. That space should have been addressed and included in the plotting phase, not left to further expansion. Spaces designated for future parks need weed control until park is built. I would appreciate sprinkler systems on parks & walkways programmed to run early morning 3-4 am or late night so one does not have to dodge the water when walking in the park or trail.
- ID 1246: Have city be not so litigious with its own residents. They spend more money fighting than trying to do the right thing and correct their mistakes. Almost like they can't admit they made a mistake. I'm aware of 3 such suits and wonder how many more there are. What a waste. In one, they spent well over \$250,000 rather than fix the problem when it would have cost less than 10% of that.
- ID 1247: More businesses downtown (the theater could be so fun). Shade structures on playgrounds (like Sp. Fork). Speed bumps by parks (esp. memorial park). Too many people fish on the beach @ the Barth. Pond. I would LOVE to see a Sprouts grocery, maybe in Allen's. Better shade at the splash pad.
- ID 1248: For me- fix streets & sidewalks on 4th N- no curb & gutter even. I rarely use any of the city's recreational facilities, shopping venues, etc. The city, I feel, has been so discriminating to me that I simply don't care anymore.
- ID 1249: Please limit the number of new housing units in Springville. I don't want Springville feeling like Orem. We like the small town feel.
- ID 1250: 4th S out to Walmart, redo the "horrendous" landscaping between the E & W traffic. Drip systems are not working well & thus a great number of the trees have died. Drip holes in plastic lines get plugged by CoCO3 when they are turned on & off over time. Ground looks awful, plant ground cover & put in pop-up sprinkler heads.

- ID 1251: Limit building of apartments because Springville is getting too crowded and losing the small town feel. Have more dining options.
- ID 1252: Have more things for teenagers to do. Winters are hard for them. We need more activity places- more options for restaurants.
- ID 1253: Just make our first responders “police, fire, & ambulance,” know how important they are to the success of this city, to keep its citizens safe and the city keep its services good and efficient. I just feel our city Fathers are doing a great job. Thanks.
- ID 1254: Do not put high density housing on main street, specifically where Allen’s is.
- ID 1255: Stop the high density housing complex(es). Get more shopping opportunities on the north side of Springville. Allow better food services in town. No more McDonalds! Fix traffic on 4th South!
- ID 1256: Revitalize downtown, especially the 4th South-Main Street corridor. A mixed use concept would be nice to invite some after hours activity. Springville recreational facilities are lacking, i.e. ballfields. The rec. department cannot sponsor activities that would invite tournaments and such to Springville to bring in revenue to area merchants. Our restaurant selection is seriously lacking.
- ID 1257: Have more restaurants- family friendly place for youth to hang out- bowling alley in Allen’s old parking lot.
- ID 1258: Why do the parks and green spaces look like nobody cares anymore? Clean up the Dru Creel trail as promised. It looks worse every year.
- ID 1259: Springville will be a better place if there were more restaurants & stores like Costco etc.
- ID 1260: Reducing traffic congestion and making it safer to drive.
- ID 1261: Ordinance to limit or reg. noise reduction on 4x4’s on Canyon Rd AND have more police with radar on Canyon Rd.
- ID 1262: Stop playing loud music at the Rec Center to hold classes in the gym area. Hurts hearing and interferes with enjoyment of the facility.
- ID 1263: Stop building so much high-density housing!
- ID 1264: ---
- ID 1265: Better maintenance of residential sidewalks.
- ID 1266: Widen all roads, do not let the builders get one way roads when 2 vehicles are parked on each side.
- ID 1267: Better communications as to activities taking place.
- ID 1268: I think every city needs to figure out ways to make owning a home an option for everyone. I fear for my children’s future ability to afford a home.
- ID 1269: More businesses so we don’t need to go to Spanish Fork so often.

- ID 1270: Provide more affordable housing.
- ID 1271: Connect the bike trails!
- ID 1272: It's really UDOT's problem. They need an I-15 access for Mapleton. 4th South is a mess at (unintelligible) times.
- ID 1273: More small businesses, especially retail and restaurants. Local transportation to be able to run errands in the city without driving.
- ID 1274: Stop building Industrial buildings! Keep the old town feeling with new housing developments.
- ID 1275: Make traffic better.
- ID 1276: Reduce crime and illegal drugs.
- ID 1277: Curb & gutter & sidewalk repair- in Plat A.
- ID 1278: Less traffic, less people.
- ID 1279: Lower tax rates on seniors.
- ID 1280: Listen to the people. Honor tradition.
- ID 1281: A large park, bigger playground for kids to play sports.
- ID 1282: More sit-down restaurants.
- ID 1283: Get rid of traffic on 400 South at shift change.
- ID 1284: Make the Allen's a Harmon's Grocery Store.
- ID 1285: Put more light poles on main throughways like 4 E.
- ID 1286: ---
- ID 1287: Give Sr. a tax break.
- ID 1288: Slow down new home developments.
- ID 1289: Lower property taxes.
- ID 1290: Reduce traffic on 400 South and Main Street.
- ID 1291: Springville needs a bowling alley, movie theater, teenage hangouts.
- ID 1292: More restaurants
- ID 1293: Adult & children, family friendly places. Allowing more shops, retail, restaurants, etc. People flock out of this city to go to places that have the amenities they need, no more pizza, fast food. Let's make Springville a place we all want to be a part of.
- ID 1294: Maintain agricultural & green space.
- ID 1295: ---
- ID 1296: Reduce main street traffic. Better election information. Upgrade downtown.
- ID 1297: Take better care of streets.

- ID 1298: Establish theater and cultural events.
- ID 1299: Encourage better local owned restaurants.
- ID 1300: Quit trying to make it a bigger city.
- ID 1301: Stop population from increasing!
- ID 1302: ---
- ID 1303: Stop building houses. More restaurants and stores.
- ID 1304: More police control of racing in the streets.
- ID 1305: More variety of places to eat. 3 McDonalds is too much.
- ID 1306: Personally, tell me why I can no longer be a lifeguard.
- ID 1307: More opportunities for eating. Activities for youth- places for dating activities.
- ID 1308: Get another freeway access to Mapleton. Do NOT put in any more roundabouts- teenagers do not know how to use them- they don't recognize STOP signs either!
- ID 1309: Install more speed limit signs on main thoroughfares and side streets.
- ID 1310: More sit down dining and food option varieties. Better traffic spread and less speeding.
- ID 1311: Reduce the traffic. Quit putting in large rental units.
- ID 1312: More recreational activities, like a bike trail or activities families can do outdoors.
- ID 1313: Get people to clean their yards & keep their dogs in their own yards & not barking for hours at a time.
- ID 1314: Improve traffic flow- especially on canyon road. Improve weed control and streetlights.
- ID 1315: Fix the length of the traffic lights. Especially the one at 1400 N and Main. Also add an arrow there to turn left (South). Too many people make decisions based on the duration of the light. I would also like to see more ways to get from Point A to Point B.
- ID 1316: Invite more businesses.
- ID 1317: I would like to see is show pride in our community by keeping up our streets (repaving fully) and by picking or mitigating weeds along our main streets (particularly 4th South).
- ID 1318: Need a traffic circle at 900 South 1750 E.
- ID 1319: More designated open space with accessible walking paths.
- ID 1320: Reduce population density.
- ID 1321: Put sidewalks on all streets.

- ID 1322: Get rid of the eyesore that is the Allen's Block. In 2019 we attended mtgs with a development firm with great plans. Nothing has happened and it is disappointing to see it as a used car lot and food truck stop. It is the first thing visitors see entering our downtown from the south. It is a big pile of junk, garbage, and weeds, but you seem to care more about junk, garbage, and weeds on residential property rather than making the entrance to our downtown look great.
- ID 1323: Do something with the Allen's parking lot!!! Having a used car lot/food truck lot in the heart of Springville makes it look really run down and like nobody cares about downtown Springville.
- ID 1324: Hire a whole new police force and find a way to bring the community together. Also maybe provide resources for people battling addiction.
- ID 1325: Continue to support emergency services... fire, police, & ambulance. Springville is a very good place to live because people care! Be good neighbors, be kind!
- ID 1326: Continue to add businesses.

Every two years Springville City conducts a city-wide survey to get citizens' views on current city services and future priorities that residents feel the City should focus on. The survey results are used by city officials, your city council, and the mayor to make important decisions about city services and how your tax dollars are spent.

I'm asking for your help. Your household was randomly selected to represent your neighborhood. The scientific selection process means that your household cannot be replaced in this study. Your participation is voluntary, but your viewpoints are very important and will have an impact on the decisions being made regarding the future of Springville.

Any adult currently living in the household can complete the survey. To keep the survey

random, we request that the adult who has their birthday closest to January 1, 2024 complete the survey. The following instructions are specific for completing the online version.

Please take a few minutes today to: complete the following survey find the enclosed "I've replied" postcard in the original survey envelope fill out and drop off the "I've replied" postcard at any USPS Collection Box or Post Office

By sending the "I've replied" postcard, we are able to avoid sending reminders to citizens who have already mailed back their survey. If everyone responds quickly, the cost of additional mailings will be significantly reduced.

This survey is totally anonymous so that you can express your honest feelings. There are no identifying numbers on the questionnaire. This survey is sponsored by Springville City but is being conducted at minimal cost by an independent, professional researcher to keep survey responses anonymous. Your answers will be combined with the answers of other citizens so that individual answers cannot be identified in any report. In order for your neighborhood to be accurately represented in these reports, this survey must be returned promptly.

If you have questions about this study, please contact me at the mailing address below or at tinyurl.com/SpringvilleViewpoints. I will be happy to respond to your questions about the survey.

Thank you for your help.

Heading **Puntos de vista de los ciudadanos de Springville ¡Sus opiniones cuentan!**

consent Cada dos años, la Ciudad de Springville realiza una encuesta en toda la ciudad para obtener las opiniones de los ciudadanos sobre los servicios actuales de la ciudad y las prioridades futuras en las que los residentes sienten que la Ciudad debe enfocarse. Los resultados de la encuesta son utilizados por los funcionarios de la ciudad, su concejo municipal y el alcalde para tomar decisiones importantes sobre los servicios de la ciudad y cómo se gastan sus impuestos.

Estoy pidiendo su ayuda. Su hogar fue seleccionado al azar para representar a su vecindario. El proceso de selección científica significa que su hogar no puede ser reemplazado en este estudio. Su participación es voluntaria, pero sus puntos de vista son muy importantes y tendrán un impacto en las decisiones que se tomen con respecto al futuro de Springville.

Cualquier adulto que actualmente viva en el hogar puede completar la encuesta. Para mantener la encuesta aleatoria, solicitamos que el adulto cuyo cumpleaños sea más cercano al 1 de enero de 2024 complete la encuesta. Las siguientes instrucciones son específicas para completar la versión en línea.

Tómese unos minutos hoy para: completa la siguiente encuesta encuentre la postal "He respondido" adjunta en el sobre original de la encuesta complete y entregue la postal "He respondido" en cualquier apartado de recolección u oficina postal de USPS.

Al enviar la postal "He respondido," podemos evitar enviar recordatorios a los ciudadanos que ya han enviado su encuesta por correo. Si todos responden rápidamente, el costo de los envíos adicionales se reducirá significativamente.

Esta encuesta es totalmente anónima para que pueda expresar sus sentimientos honestos. No hay números de identificación en el cuestionario. Esta encuesta está patrocinada por Springville City, pero se está llevando a cabo a un costo mínimo por un investigador independiente y profesional para mantener anónimas las respuestas de la encuesta. Sus respuestas se combinarán con las respuestas de otros ciudadanos para que las respuestas individuales no puedan identificarse en ningún informe. Para que su vecindario esté representado con precisión en estos informes, esta encuesta debe devolverse con prontitud.

Si tiene preguntas sobre este estudio, comuníquese conmigo a la dirección postal a continuación o en tinyurl.com/SpringvilleViewpoints. Estaré encantado de responder a sus preguntas sobre la encuesta.

Gracias por su ayuda.
