## AMENDMENTS TO TITLE AND ZONE MAP APPLICATION REQUIREMENTS

It is intended that all amendments to Titles 11 & 14 shall be made in accordance with the General Plan of the City. It is hereby declared to be public policy that these Titles shall not be amended, unless it can be shown that changed or changing conditions make the proposed amendment necessary to the promotion of the purposes of these Titles.

### PROCESS

Once the Planning Staff determines the application to be complete, staff reports will be written and a public hearing scheduled with the Planning Commission in accordance with §11-7-102 and §14-1-109.

After the public hearing, the Planning Commission shall review the application and make a recommendation to the City Council for approval, approval with modifications, or denial.

The City Council will then schedule and hold a public hearing and after due consideration may approve, approve with modification, or deny the proposed amendment.

### APPROVAL STANDARDS

- Is the proposal consistent with the goals and objectives of the General Plan?
- Will the proposal be harmonious with the overall character of the existing property?
- How will the change effect adjacent properties?

Denial of an application to amend the zoning map to reclassify any parcel of property shall prohibit the filing of another application to amend the zoning map to reclassify the same parcel of property, or any portion thereof, to the same zone classification within one year of the date of the final denial by the municipal council of the previous application, unless the planning and zoning review committee finds that there has been a substantial change in the circumstances or sufficient new evidence as submitted by the applicant in writing since the denial of the previous application to merit consideration of a second application within the one year time period.
