2" Positive Displacement	\$756
(Service sizes not listed contact Building Dept.)	
Plan Check Fee	
Building Permit Fee	
Completion Bond	
Performance Bond	
Assessed by the Plans Examiner	

Electrical Extension fees are typically paid by the developer prior to recording a subdivision plat. Fees also vary depending upon unit type and will be assessed by the Springville City Power department.

Review and permit fees are calculated based on the valuation of the project as per the most recent building valuation data listed in the Building Standards publication.

The completion bond is equal to the building permit fee, but not to exceed \$2,000. The bond is returned to the applicant once the Certificate of Occupancy is issued.

The performance bond is calculated at \$15 per linear foot of frontage along a public street. The performance bond is held to guarantee that any damage done during construction to a sidewalk, curb, gutter, street, sewer line, water line, electric line or other public improvements will be repaired to Springville City standards and specifications.

Public safety fees will change for permits submitted after Jan 20th, 2021
