While serving as Mayor, I have regularly visited businesses in our community with our City Administrator, Troy Fitzgerald and Operations Manager, Rod Oldroyd. It has been amazing to me to see the variety of businesses we have in our City. We have been to large businesses like Wal-Mart, Flowserve, Nestle, Little Giant Ladder, and Nu-Ways. Included in our visits have been fast food establishments like McDonalds, Wendy’s, Orange Peel, Jimmy Johns, and Papa Murphy’s. We have walked down Main Street and visited SOS Drug, UPS, several boutique clothing stores, the music store, Fun-Finity and more. We recently visited Ballard Manufacturing, where they make pet treats and are spending millions of dollars to remodel and expand the old Nature’s Way building. We have been to Namify where they will put your name on anything you want. In town, we have Cott Beverage where they bottle thousands of soft drinks a day, and Burrell where they distribute more pop in a day than you could drink in a lifetime.

We go as ambassadors of the City and are checking to see if we are doing our part as a City for them. It has been fascinating to meet with owners, managers, and workers. Almost all of them have complimented our City officials and have applauded our City services. We want everyone to know that Springville is a good place to do business. Our Economic Development Committee is meeting monthly and working on ideas to recruit businesses to our community.

I ask all of you to encourage those you know, that own or operate a business that would be good for Springville, to locate here. We want merchants where we can shop, businesses that provide good jobs, and can help provide revenues for our City.
