

Storm Water Runoff

Melting snow and rain are considered storm water runoff; it runs off roads, parking lots, driveways, roofs, and yards. As it flows across these surfaces, storm water picks up contaminants such as oils, salts, sediments, fertilizers, pesticides and household chemicals. Contaminated storm water flows into storm drains, ditches, and gutters, and eventually into streams, wetlands and lakes. Contaminants in storm water runoff impair water quality in streams and wetlands, and they can lead to fish kills, loss of wildlife habitat, and public health risks. Uncontrolled storm water runoff is one of the largest remaining sources of water quality impairment in the United States.

As our community grows, more land is covered with hard surfaces. This means more water reaches streams more quickly and is potentially more contaminated. Let's work together to lessen the degree of contamination and help protect local water resources.

You can also help us ease the flooding potential by keeping storm drain inlets near your property clear of debris or by reporting them to the Public Works Department at 801-491-2780.

Spring Runoff and Possible Flooding

With the recent flooding and the possibility of future flooding, sand bags are available for Springville City residents. Please bring a shovel to fill the bags. The sand and bags can be found at 767 West 1600 South, Springville (Rodeo Grounds).

A second location provided by Jamie Evans of Evans Grading and Paving is located at 2800 South State (Just north of the McDonald's on Main Street) and the sand will be on the south end of the sand/gravel pit.

Classics Revisited

The Springville Library invites you to attend a new lecture series!

Our *Classics Revisited* lectures will be held monthly on the fourth Wednesday at 7pm.

Professors from the BYU English department will present these classes for our community throughout the next year. We asked each professor to choose a classic that they love. Many chose a personal favorite, and several have tied their choice in with monthly themes. *Beauty & the Beast* is right in time for the movie release. *Shakespeare* will be right before the Shakespeare festival begins in Cedar City. *Frankenstein* will be a great October read.

Each month, we'll have copies of the books available for checkout if you want a refresher. We will have bookmarks available each month for the selected title (You will probably want to start a collection – They are beautiful), as well as a poster door prize drawing for those attending the class.

The following list has the date of each class for the rest of the year along with the professor who will present and the selected book:

- March 22nd Jill Rudy—*Beauty & the Beast*
- April 26th Emily Kempton—*Chronicles of Narnia*
- May 24th Michael Lavers—*The Prelude*
- June 28th Jacquelyn Christensen—*Shakespeare*
- July 26th Scott Hatch—*A River Runs Through It*
- August 23rd Jon Ostenson—*The Outsiders*
- Sept 27th John Bennion—*Tess of the d-Urbervilles*
- Oct 25th Paul Westover—*Frankenstein*

Springville

CITY SOURCE

March 2017

Mayor: Wilford W. Clyde

Council Members:

Richard "Rick" J. Child

Craig Conover

Christopher Creer

Jason Miller

Chris Sorensen

2017 is one of the wettest winters in years. Warmer than normal temperatures are predicted. Spring runoff will be closely watched. Springville City maintains critical structures like bridges. The Utah County Public Works Buildings and Grounds Division is in charge of removing material from the Hobble Creek Debris Basin, pictured above. Homeowners are responsible for creek frontage. Creekside homeowners can coordinate with Public Works for street-side debris pickup. Call (801) 491-2780.

Mayor's Message

Natalie and I had the wonderful experience of visiting Thailand this past month. Thailand is one of the few Asian countries that was not colonized in the eighteenth or nineteenth centuries by a European nation and has been under the rule of a king for a very long time. It was at one time called Siam and we all remember the movie, *The King and I* where the English teacher is a nanny for the King's children.

The people are so gracious and service oriented. One item of interest is the food vendors on the street. Many people living in the city can only afford small apartments consisting of a bedroom and bathroom with no kitchen. They rely on the street vendors to provide their meals. These food booths are all over the place and though some look a little suspect many have delicious Thai food. Our version of this is the food trucks that park at locations around the city.

One thing I noticed in Thailand was how disorganized the cities were when it came to planning and zoning. All uses of land, business and residential, were mixed together in no particular order. Streets were narrow, crowded and walking down sidewalks was like going on an obstacle course.

It made me appreciate the planning and zoning we have in our community. I know sometimes we complain about all the rules we must follow when it comes to improving our property. However, it really does make a difference. When citizens are applying for permits at the city for property improvements we have instructed our staff to be cordial and helpful. It is our desire to help you be successful with your project while following the ordinances that are designed to protect us.

If you ever get a chance to visit Thailand I highly recommend it. However, it is always good to get back to our home and enjoy the wonderful community of Springville.

—Mayor Wilford Clyde

Mayor Awards

Cherry Creek student, Anna Caldwell, was nominated by her 6th grade teacher, Sarah Sumsion. Mrs. Sumsion describes Anna as always smiling and positive and one step ahead of her half the time! Anna is the daughter of Justin and Tiffany Caldwell.

Merit Preparatory Academy Senior, Aaron Clay, was nominated by Erika Whitmer, who states that Aaron is "one of the most talented German students I've had the pleasure of teaching in my 30 years as a German teacher." Aaron is the son of Michael and Chelsey Clay.

Take a moment to nominate one of your favorite students today at springville.org/mayoraward

DO YOU NEED ASSISTANCE WITH YOUR UTILITIES?

Mountainland HEAT Program
801-229-3855

www.mountainland.org/heat

The Home Energy Assistance Target Program, known as HEAT, is open to applicants through April 30, 2017. This program provides a lump sum benefit to assist individuals and families that pay higher energy costs during the winter season. Eligibility and amount of benefit is based on income, household size and composition. Applications are accepted by appointment, by mail or online. Contact us today for more information at 801-229-3855 or mountainland.org/heat

March 2017
