One hundred years ago, in 1920, a special election was held to bond for the building of a free library for the citizens of Springville. The bond covered \$15,000 and the Carnegie Corporation donated \$10,000. The first librarian was Miss Louisa Rowland, who took a course in library science and served until 1963. The Springville Historical Society is still housed in that building.

Today's library opened in 2011 and was awarded Best of State in 2019. 4 out of 5 Springville households have a library card and use the library at least once a year. Over 44,962 people attended programs in 2019 and 667,272 items were checked out from the print and digital catalog.

### MAYOR'S MESSAGE

It is amazing how quickly life can change in such a short period of time. We are living through some interesting times that are challenging and quite stressful for most of us. This

experience with the pandemic spread of COVID 19 will be a memorable time for all of us and as a community, we will remember the good and bad things that we have endured together. These are problems that none of us have had to deal with in the past but they will shape us and help us grow.

I am confident in the citizens of Springville and I have seen many amazing people stepping up and

supporting our neighbors and providing for those in need. I would like to ensure our citizens that I, as your mayor, together with the City Council, administrators, and city employees are trying our best to keep things running as smoothly as possible for the safety and welfare of our community.

We encourage everyone to practice patience and to continue to keep a positive attitude as we face this challenge for the coming weeks. Also, continue to use good safety practices and keep washing those hands!

Once things get back to normal, we will all be excited to get back into our fun springtime activities

and sports. We will try to keep you all informed on upcoming events by keeping the city website and schedules updated and through our Springville Facebook page.

## HAZARDOUS WASTE DAY CANCELLED

The Utah County Health Department has cancelled the Household Hazardous Waste Collection Event scheduled on April 11, 2020.

## SAFE DRINKING WATER

COURTESY OF CDC.GOV

State officials say there is no need to stock up on surplus bottled water due to Coronavirus

SALT LAKE CITY – The Utah Department of Environmental Quality (DEQ) wants residents to know that their public water supply is safe. In the case of quarantine or outbreak related to the coronavirus, public drinking water systems are designed to continuously deliver safe drinking water to your tap.

“Drinking water treatment and disinfection has effectively protected Utah’s population for many decades. These protections will safeguard residents against drinking-water-borne viral infections—including coronavirus,” says Marie Owens, Director of DEQ’s Division of Drinking Water. “There is no need for residents to stock up on surplus bottled water in preparation for a potential outbreak of coronavirus.”

### About DEQ

Established in 1991, the Utah Department of Environmental Quality’s (DEQ) mission is to safeguard and improve Utah’s air, land and water through balanced regulation. DEQ implements state and federal environmental laws and works with individuals, community groups and businesses to protect the quality of Utah’s air, land and water. For more information, visit [www.deq.utah.gov](http://www.deq.utah.gov), follow DEQ on Facebook ([utahdeq](https://www.facebook.com/utahdeq)) and Twitter ([UtahDEQ](https://twitter.com/UtahDEQ)).

## PRESSURIZED IRRIGATION

For residents with pressurized irrigation (west of 400 West), the City will start pressurizing the system on April 15<sup>th</sup> and it will be fully charged by April 17, 2020. Please clean out your filter before using your sprinkling system and slowly turn on your valve. Please continue to conserve water as much as possible.

## HELP US PROTECT OUR DRINKING WATER

Springville Residents,

Springville City Water would like to inform you that many of your properties are located within a Drinking Water Source Protection Zone for Springville City.

We ask that you help us protect the groundwater by following manufacturer instructions when using fertilizers and pesticides and utilizing best management practices when using fertilizers, pesticides, disposal of household wastes, and in the operation and maintenance of any fuel or oil storage. Please contact us in the event of a spill 801.491.2780.

Fliers produced by Utah Department of Environmental Quality outlining the best management practices are available at the City Offices and on the city website.

We thank you for helping our City maintain a valuable water resource.

## SPRINGVILLE RECREATION UPDATE

The safety and health of our community as a top priority therefore Springville Recreation is taking action to limit the spread of the virus. For this reason, the following programs have been postponed or cancelled, effective immediately:

- Youth Volleyball has been postponed
- Spring Soccer has been postponed
- Baseball & Softball placements have been postponed
- Track Club has been postponed
- Fishing has been postponed
- Great Indoors has been cancelled

Registration for youth sports has been suspended until we have a better understanding of the time constraints of this situation.

We appreciate your patience and understanding as we continue to monitor this unprecedented situation.

## WAYNE BARTHOLOMEW FAMILY PARK

Springville City operates and maintains the Wayne Bartholomew Family Park. Located within the park are pavilions, a beach, restroom, concession operations, open grass areas, and a pond for fishing that are all available for the public to enjoy. To learn about policy for loud music, curfew, service animals or dogs in general, go online to [springville.org/buildings-and-grounds/city-parks/Bartholomew/Bartholomew-park-regulations-2](http://springville.org/buildings-and-grounds/city-parks/Bartholomew/Bartholomew-park-regulations-2). All park patrons will be expected to conform to all posted city park ordinances, rules, guidelines, and standards.

## PARKING PASSES

Parking Passes are available at the Civic Center cashier windows, Clyde Recreation Center, and the Community Service Building. None of the staff at those locations can deviate from written policy. If you have an issue you may address your concern in writing to Bradley Neel at [bneel@springville.org](mailto:bneel@springville.org)

Passes are available beginning April 1<sup>st</sup> of each year and are in affect from May 1<sup>st</sup> – September 30<sup>th</sup>.

Resident and patron parking at the park from October 1<sup>st</sup> – April 30<sup>th</sup> does not require a pass.

**ONE** parking pass allowed per household or business. No printing at home. Springville resident second vehicles must follow outside of city limit rules. If a pass is lost or misplaced a person may request another in writing to [hpenni@springville.org](mailto:hpenni@springville.org) or [bneel@springville.org](mailto:bneel@springville.org)
