

SPRING CLEANUP 2021

The Public Works Department in cooperation with SUVSWD (South Utah Valley Solid Waste District) will provide dumpsters throughout the city on Friday & Saturday April 9th & 10th (weekend #1) & Friday & Saturday April 16th & 17th (weekend #2) at the following parks:

SPRING CREEK PARK 475 E 600 N

MEMORIAL PARK 500 E 200 S

CHILD PARK 200 S 1300

HOBBLE CREEK PARK 2200 E 1250 S

BIG HOLLOW PARK 350 E 2200 S

KELVIN GROVE PARK 1400 W 1600 S

ART WING PARK 155 N 950 W

Residents are encouraged to clean their yards, and sweep gutters and sidewalks. Owners of vacant lots are encouraged to clear their lots of garbage, tall weeds and other debris. This is a great opportunity for any volunteer organization to serve this community. If you have questions about acceptable items, please refer to suvswd.org or call 801.491.2780.

WATER POLO AT THE CRC

Water polo has captivated audiences who witness the athletic prowess required to sprint, tread and maneuver through the water in this exciting and dynamic sport.

What you might not have known is that the Clyde Recreation Center boasts a Water Polo program that's the only of its kind in Utah County. Featuring players from all across the county, the program offers both girls and boys teams in 14U and Division II and Division III 18U.

Our teams have burst out of the gates for a terrific start to the season. After not playing last year because of the Covid-19 pandemic, we recently had a great showing at our first tournament in Cedar City. The boys Division II team won two of their three games, and the girls Division II team won three of their four games.

And if joining the CRC team isn't for you (or your child), the CRC also has "drop-in" water polo every Saturday evening from 8:00 p.m. to 9:45 p.m. Everyone is welcome no matter their skill level.

So if you've ever been curious about the wonderful sport of water polo, come give it a try one Saturday and discover what it's all about! Want to find out more about the CRC Water Polo program? Give us a call at 801.491.7881.

MAYOR RICHARD J CHILD

Junior golf clinics are for ages 8-17 years and the clinics begin in May. The clinics will run three consecutive Monday or Tuesday evenings with three session options. The last junior golf clinic will be offered in June with two session options. Space is limited so be sure to register soon. The cost is \$65 per participant.

Ladies golf clinic this year is being offered for the first time with two options; 1) as a full clinic or 2) A la Carte where participants can register for select clinic sessions. The ladies golf clinic sessions will be held June 8, 15, 22, & 29. Full clinic registration begins April 26th and the A la Carte registration will begin May 17th. Sessions space is limited and priority for session spots will be given to full clinic participants. Full Clinic cost per participant \$100, A la Carte sessions are \$35 per session per participant.

Golf clinic details can be found at springville.org/golf/lessons or call the pro-shop at 801.489.6297 or email jgrose@springville.org.

MAYOR'S MESSAGE

Spring is finally here! The outlook for this coming year is much better than what we were looking at last year at this time. While things haven't returned to what we consider normal, I am encouraged to see that things seem to be heading in the right direction. As a city, we are planning on moving forward with most of the regular activities that we typically have scheduled for the year.

I would encourage everyone to go and get your Covid-19 vaccination when they become available to you. My wife and I both have been vaccinated and I know many in our

community have also received their vaccinations. One of the best ways to ensure that we get back to doing many of the things we enjoy is to have our citizens vaccinated.

Our spring and summer sport programs are currently underway and our children and youth are excited to be back out enjoying the sports they love. I would recommend that everyone check the city [website](http://springville.org) to find out about all the great things and programs coming up in the next few months.

One area that has me concerned is that this winter did not deliver the normal snow pack that we typically see. Currently we are close to about 80% of what is considered normal. This is coming after an extremely

dry summer and fall from last year. If this summer proves to be a hot and dry one, we could definitely be looking at having water shortages in our communities. I would encourage all of our Springville citizens to look for ways to be wise with their water use as we move towards the summer months.

—Mayor Richard J. Child

ANNUAL GREAT UTAH SHAKEOUT DRILL

Since we live in “Earthquake Country”, earthquakes aren’t only a matter of “if”; they are a matter of “when”. Let’s all ban together on Thursday, April 15, 2021 at 10:15 a.m. MST to DROP, COVER & HOLD ON. Practicing HOW to protect ourselves NOW is the best way to build the muscle memory to kick in when we need to make that split second decision when an earthquake strikes!

SOME IDEAS THAT YOU CAN DO TO BE MORE PREPARED ARE:

- LEARN ABOUT EARTHQUAKES AND/OR PUT TOGETHER AN EMERGENCY KIT FOR A FAMILY OR GROUP ACTIVITY.
- MAKE A PLAN FOR COMMUNICATING WITH LOVED ONES DURING A DISASTER.
- MAKE SURE YOUR WATER HEATER AND HEAVY FURNITURE IS SECURED TO THE WALL AND WON'T FALL WHEN THE SHAKING STARTS.
- LEARN HOW TO TURN OFF THE WATER AND GAS TO YOUR HOME IN CASE YOU EVER NEED TO QUICKLY DO IT.
- REGISTER FOR THE SPRINGVILLE/MAPLETON ALERTS YOU GET EMERGENCY INFORMATION WHEN YOU NEED IT BY CLICKING ON THE “CITIZEN ALERTS” BUTTON ON THE LANDING PAGE OF SPRINGVILLE.ORG.
- CHECK OUT BEREADYUTAH.GOV FOR MORE INFORMATION ON PREPAREDNESS.

Springville City employees will be participating in the Shakeout on April 15, 2021 and we encourage individuals, families, schools and organizations to join us. It is easy to participate and only takes a few minutes of your time.

Start out by registering at shakeout.org/Utah. Next, make a plan for how you or your organization will participate. You can simply drop, cover and hold on to a heavy piece of furniture at 10:15 a.m. on April 15, 2021 or you can add in as many preparedness activities as you want! Preparedness can be fun and knowing what to do brings clarity and peace when those skills are needed. Take pictures or post about your activities using the #SpringvilleShakeout2021. Watch the official Springville social media sites for preparedness tips and pictures during the Shakeout. After a year of separation, let’s do this, together.

THE RECAP—RECENT HAPPENINGS AROUND TOWN

The Cities of Provo, Springville, Mapleton, Spanish Fork, Salem, Payson, and Santaquin, in collaboration with Utah Transit Authority (UTA), Utah Department of Transportation (UDOT), and Mountainland Association of Governments (MAG), have initiated the South Valley Transit Study to evaluate options for future transit service in the southern portion of Utah County, between Provo and Santaquin.

Nine potential options are currently under evaluation, and we’d like your input.

Visit southvalleytransit.com to share your feedback on the routes and transit modes proposed in the initial evaluation.

AMENDMENT TO UNLAWFUL PARKING ON CITY STREETS

May 01, 2021, it will be unlawful to leave an unhitched trailer parked on city streets. For more information see [Ordinance #04-2021](#).

CITY CODE NEED TO KNOWS— FENCE PERMITS

Before commencing construction of a fence or wall please contact the Community Development Department at 801.491.7861 about a fence permit and general requirements. The intent and purpose of the General Fence Requirements Ordinance are to ensure safe sight lines and to minimize the potential negative visual impact or hazards of high or unsightly fences, walls, and/or retaining walls. ([Springville City Code 11-6-213](#))

BURN PERMITS

An Open Burning Permit is subject to the State of Utah Laws and the Rules and Regulations of Springville City.

The Fire Department reserves the right to refuse, revoke or postpone the permit when the Department deems it necessary to prevent danger to life or property.

Permits may be issued between March 30th and May 30th and between September 15th and October 30th for Utah County. For permit application and information go to springville.org/fire-rescue/burn-permit

TALENT FESTIVAL

The Annual Art City Days Talent Festival is Friday, June 11, 2021 at 7:00 p.m. at Spring Acres Arts Park. Auditions will be held on Saturday, April 17, 2021. Singers, instrumentalists, dancers & other talents are all welcome. Groups, individuals, families and people of all ages are encouraged to audition. Call Ginny at 801.489.4994 to schedule an audition time.

WATER CONSERVATION!

As of 3/12/2021 our regions snow pack total is at 74% of normal. The City has been monitoring these totals very closely this season. With such a dry winter we want to give you some tips on how we as a City can save water.

IMPROVING YOUR LAWN'S DROUGHT TOLERANCE

Drought tolerance is a measure of how well your grass will survive dry spells. The primary objective of improving drought tolerance is to grow a good-quality lawn that will survive drought. A lawn properly prepared to survive a drought will have a deep and extensive root system.

MOWING

Always mow at the highest recommended height for your turf species. The higher the mowing height, the deeper and more extensive the root system will be. You may be able to reduce your mowing frequency since the grass will grow more slowly during drought

WATER

Less frequent and longer durations between watering will help establish a deeper root system. If all connections reduced their sprinkler clocks by a total of just 5 minutes (15 GPM X 5 minutes X 72 turns per year X 9,349 connections) could save 50,484,600 gallons!! This season.

INDOOR USE

The most common water leaks in a house are leaking toilets, dripping faucets, and shower heads. While these are not serious problems, they can waste an enormous amount of water if left unattended for a long time. So with that said, hopefully we can practice good water conservation and keep our storage reservoirs at a safe level for the coming years.
