

Amanda Miller 4 Year Council Seat Candidate

Thank you for taking the time to learn about candidates running in our municipal election! I am Amanda Miller, I am thrilled to have the opportunity to serve this beautiful community. I am not a politician; I am an Air Force vet who saw a need for more citizen involvement between Residents and the governing bodies that serve them.

In order to accomplish this, my first goal would be to reach a record in voter participation at municipal elections this year, but that can only be accomplished with your help! Get registered to vote, help someone else get registered, and together get educated on issues/topics relevant to Springville. After elections, I'd continue to grow citizen involvement by being an advocate and voice for the residents of Art City; I will not forget I work for you!

Next on my priority list- returning Springville to traditional mail in ballots by removing the RCV pilot program. RCV opens the door for more election manipulation and a less secure ballot count, among other things.

Please reach out with questions, or come see us at the Springville Farmer's Market on Monday nights, the Miller's are here for you!
