

## **Marcia Conover-Harris 4 Year Council Seat Candidate**

From a young age, lifelong Springville resident Marcia Conover Harris has been a firm believer in the volunteer spirit. She has volunteered as a youth sports coach for Springville City Recreation, spent countless hours helping make improvements to the Spring Acres Arts Park and served as chair of the city's annual Duct Tape Regatta and on the planning committee for the Clyde Recreation Center.

The service she's most proud of is playing Taps on her trumpet at local veterans' funerals during the last 25 years as a volunteer member of the local American Legion Chapter.

Marcia made her home on the west side of Springville more than 20 years ago, and she wants to bring the west side perspective to the Springville City Council, which currently has no member from that area of the city. The majority of the city's future growth, both residentially and commercially, will happen in this area, and Marci wants to ensure it happens in a way that is beneficial for both residents and businesses.

A current track coach at Maple Mountain High School and a member of the Timpanogos Symphony Orchestra, Marcia will represent the views of both sports and arts enthusiasts on the council.
