

## Jacob Gregg Smith - Municipal Primary Election City Council Candidate 2023

I love our city. My family has lived, worked, and served in this community for generations. I have lived here in Springville my entire life, but over the last few years, it has become clear to me that there has never been a more critical time for the future of Springville than right now.

Our city will be "built-out" in the next 20 years. The planning for that growth is happening now. We must thoughtfully, responsibly, and deliberately manage our growth to NOT compromise our quality of life.

I am running to ensure Springville continues to be a family-focused, faith-filled community centered on conservative, fiscally responsible principles. I am grateful for the examples of those who have served our city on the council in the past - including both of my own grandfathers. To me, Springville is more than a city, it is a stewardship entrusted to our care.

So why am I running? We are in an important time for the future of our town. We must go to work to preserve the community we love for the decades to come... and I am ready, willing, and able to go to work
