

Dallas McGee - Municipal Primary Election City Council Candidate 2023

I'm Dallas McGee. Let me be clear. I am NOT a politician, nor do I want to be. The truth is, I do not like the state of our nation right now. If I know one thing, it's this: If we want a strong nation, one the rest of the world looks to for guidance and a strong example of leadership, it has to start from within the home. A strong home leads to a strong community. Strong communities lead to a strong city. Strong cities lead to a strong state. Strong states lead to a strong nation.

I believe this nation is built on the backs of entrepreneurs. As a small business owner, myself, I vow to help build this city into the potential that it has, filled with locally-owned small businesses. To be blunt, our downtown scene is lacking. My main focus as a member of Springville's City Council is to realize the "Reframe the Downtown" vision.

As someone who appreciates our God-given rights upheld by the constitution, and as someone who works closely with the youth of this city already, I will continue to stick to my Personal Core Value: Leaders Create Leaders.

Vote Dallas McGee
